

January 12, 2025, Feast of the Holy Family, Adoration Chapel

Hello my Jesus present in all tabernacles in the world and in this beautiful monstrance. Praise You Lord of Lords and King of Kings. Praise You Savior of the world. All glory, honor, praise and thanksgiving to You Almighty God. Thank You for Holy Mass and Holy Communion, Lord. Thank You for making it possible to be here with You in this beautiful, peaceful chapel. I missed being here with You last weekend, Lord. There is no place like this on earth, My Jesus. Only before the Blessed Sacrament where You are present body, blood, soul and divinity do I find complete peace and solitude. My heart craves this silence, Jesus as You know since You know me so well, Lord. Thank you for these chapels. I know there are many and I pray people are coming before You in Adoration as You deserve and as people so desperately need. Here, I find clarity, a firm purpose of amendment, peace, quiet and You, the King of Kings, the Redeemer, the Prince of Peace in the most humble bread of the altar. What a lesson for humanity! You become the bread of life of the world. Or rather, the bread becomes You, body, blood soul and divinity. Thank You for this miracle of miracles, Lord. What an amazing Sacrament. Jesus, have You anything to say to me?

“My child the days continue to grow shorter as mankind balances on the precipice of war. I have asked for an increase in prayer, the Rosary and Divine Mercy Chaplet. This is a dire and urgent request. My children, you must pray more. I am counting on you. Do not read these words and think others will do this. The times are too urgent to allow others to carry this weight. You all must pray more. It is needed. Lives are at stake. Prayer moves Heaven and all things can either be remedied by prayer, and in this case lessened by prayer. But, not enough of My children are praying. This means those of you who are, must pray even more. I realize many of My children are working, have families and are tending to the needs of their children. There is also much time that is spent on entertainment, chatting with friends, going to social functions and spending time using electronic devices and playing games. Reflect on how your time is spent each day and you will find more time to pray by limiting these activities. My children, you will also notice you have more peace. Pray, My children. Pray. Can you not find time to add an additional Rosary each day? Perhaps pray the Rosary while driving or walking. Speak to Me while you are doing household chores.”

“We must become even closer in these days, My children so that you will grow closer to My Sacred Heart and you will recognize My voice. There will come a time (soon) that you will need to hear My voice and recognize it from so many other voices. I will give you direction, needed direction My children and you will need to discern. If you are unfamiliar with Me due to a lack of prayer and a distant relationship you will be apt to dismiss My direction. Prepare spiritually now, My children. Follow Me. It is more important now than ever before to develop a prayer routine each day. This is not only something that is good to do, it is necessary due to the times in which you are living. I planned that you would be alive in this moment in history. I knew you were willing, holy souls and that your prayers, your witness, your holy examples would make an important difference, an impact on the darkness. Fulfill the mission I have entrusted to you My children. Do so beginning with prayer. Action will follow prayer, but everything must begin with prayer. Continue to grow spiritually, My children through Holy Mass, Scripture, Reconciliation and fasting.”

Thank You, Lord for Your words of life and Your lessons of love. Amen! Alleluia!

“My child, this is all for now. Adore Me in this Sacrament of Love. I bless you in the name of the Father, in My name and in the name of the Holy Spirit. Go in peace. All will be well.”

Thank You, Lord!
