

July 12, 2015 Adoration Chapel

Hello dearest Jesus, ever present in the Blessed Sacrament. I love You my Lord, my God and my King. Thank You for holy Mass this morning. Thank You for enabling (name withheld) to visit. I know (name withheld) was glad to see him. Now that he has gone home, (name withheld) is sad, Lord. Please help him. Comfort him and help him to get through each day.

Lord, (name withheld) was very upset today and she explained what was going on with her family after Mass. She is very distraught, Jesus. Please help her. Protect her, Jesus. If she needs to be where she is going each evening, please give her consolation and peace. If she is being forced to do something that is unnecessary, please protect her and help her to continue having her independence. She is comfortable in her home, Jesus. Please allow her to stay there. Jesus is there anything You have to say to me today?

“Yes, My child. There is much to say. This week has been very difficult for you, My little one, has it not?”

Oh, yes, Jesus. It has been most difficult. Thank You for being with me, Lord.

“You are welcome, My child. Do not be dissuaded My little lamb. Hold your head high and continue on each day with confidence from Me, your Jesus for I am with you. I will remain with you. All will be well, and you will not be harmed. It is My will that you remain there until your move. This is disappointing to you, My little one, but I know what is best for you. I love you. I know you are suffering in your current job. My child, I suffered, also. I endured verbal insults and people, plotting against Me, as you are experiencing. You are being purified and prepared spiritually. You are becoming spiritually stronger My child, though you do not feel this or understand it. You feel very weak, and feel as though you cannot go on any longer. You are weary. My child, this is how I felt when I walked among man. The world is becoming more difficult now that evil has been invited and given an open invitation in your nation. You will see more persecution, My child. This is what you are experiencing, My child. You do not understand this, but you are beginning to see that no matter what you do in your current role, though you are doing what I want, and what is right and good, it will not be viewed as ‘good’ by those in leadership positions, for you are Mine. Those who follow darkness do not feel comfortable around those who are children of the light. They do not always understand this discomfort they feel when around My children, those who follow Me. There is nothing you can do to change this. Pray for their souls. Pray for those who persecute you. Do not try to win them over, or compromise who you are. Be you. Be the child of God that you are. Continue to stand your ground, for you are standing on solid ground and a firm foundation, for I am your foundation. Be love. Be light. Be salt. Your example will give hope to others. Be mercy, My child. Those who are persecuting you will see that you are love and humility. Though you will not notice the impact this has on them, it will impact them. My children of light have Me and therefore have graces. These graces, that come from Me by way of My holy Mother Mary flow out from you into the world. Though these lost souls do not follow Me, do not love Me, they are still My children. I love them, though they know Me not. Still, I am a merciful God. I give them opportunities for repentance and conversion. “

“By your presence and through others who are also in your workplace, who love and follow Me, graces flow out to this workplace and touch souls who are far from Me. These graces will assist them when the Illumination of conscience occurs. They will have sufficient graces to accept Me when the multitude of sins they have committed is revealed to them, to their horror. If they did not have the graces given from Me through My children of light, they would despair and listen

once again to the evil one's lies and be convinced that I am not a merciful God. They would reject Me for the last time and be filled completely with anger and hate. Instead, My graces give them strength to see the evil one's influence in their lives and to repent and become a follower of God Almighty. They have free will, My child, and even though My grace is given, many will continue following My adversary to the very pit of hell."

"My child, do you see now why it is I want you to remain where you are for awhile longer? It is My will that you remain for the souls who need the graces I have given you. Others are also providing the graces with their presence, but there are so many lost souls in your environment who need Me; need My love; need the peace that only I can give. Now that evil has been unleashed, it is even more necessary. I know you are weary and I know you are doing your best. I tell you, My child, that there is nothing more you can do. Be the best at what you are doing each day, and leave at a reasonable hour, My little one, for it does not matter to them how hard you are working or how good you are as a leader. There is nothing that will change their opinion. Whether you were staying late or leaving on time, there is no concern for you, My child. There, I have said it and now you know. It is futile. However that is not the point, My little lamb, for it is not the reason I have assigned you this work. You are not there to be successful, though you are doing a very good job. You are there to bring My light and My love to others. You work for Me, My child and you bring Me with you wherever you go. I love you. I am pleased with you and with your efforts. It makes no difference to Me what others think of you. It should make no difference to you, either. Listen to what your sister (name withheld) told you, for she is correct. You are disliked by your supervisor because you are Mine. (Name withheld) was correct in what she told you. Your husband was correct when he told you she was just going through the motions (specific reference omitted)..... This is not a person who is concerned with what is right or what is just, and yet, she is My child. It saddens Me to see My lost children in this state. They walk about as lost sheep, and have darkness in their hearts and souls. They have no regard for the things of Heaven. Be light to them, My child. Be mercy. Remain where you are for a little while longer."

Yes, Jesus. I will since You have asked me to do this. Now that I know this is why You want me to remain, I will refocus My efforts to be the best daughter of Yours I can. You have helped me tremendously by explaining all of this to me, Jesus. Thank You, Lord. It has been a very long time, though Lord for me, as this type of persecution has been going on for years. I thought things might improve now that this new leadership was in place, but they have only brought different problems with them. It is difficult, Lord to be under the direction of people who do not follow You, but recently, I have come to see that not only does this person specifically, not follow You, but she seems to be very misguided and possibly following the evil one. I do not know, nor should I come to this conclusion, but by the behavior, the fruits can be seen. Your words help me very much and give me a better perspective, Jesus. Thank You.

"You are welcome My child. I give you My peace, My daughter. I give you this gift to carry in your heart. You will bring peace to others this week. I will guide you in the decisions you make. Bring each decision, each challenge and problem to Me. Together we will proceed. There are others there, also My child and you are needed to minister to them. Be yourself and go about your days as the good leader you are. Do not become fearful and go overboard to work even harder My child. Remember My words, that it will not matter. I tell you this, for you are in a unique situation. Working hard is good, of course but in this situation, you are already having to work too hard and this is to the detriment of your physical, spiritual and emotional health. This is not of Me, My child. Remember, I will guide you. I am with you. All will be well. Be not afraid."

Yes, Jesus. Thank You, Jesus.

“Your family needs you, My child and I need you.” Thank You, Lord. It sounds strange that God ‘needs’ us, but I have come to understand that it is because of Your great love for us that You allow Yourself to ‘need’ us.

“Yes, My daughter. It is My will to need My children. I love and therefore I will and I choose to need My children’s love in return. Do you understand this, My child?”

I think so, Jesus. You don’t need us in the sense that You need us to survive or to do anything, but because of Your love for us, You desire our love in return. You count on us, because this is Your will and it is mercy that You count on us, not out of a dependence on us for anything. You will to have us cooperate with Your plan for salvation and since You decided this long before we were ever made, You count on us and on our response to You to help You save souls.

“That is correct, My child. You have summarized My will for humanity well.”

Thank You, Lord. I have the best teacher in the universe, and He is a good Lord and lover of souls!

“My little lamb, some of My children suffer for souls through their illnesses or hardships through physical ailments. Others suffer pain and offer this for souls. You, My child are suffering through persecution for My sake. Thank you for accepting this cross for the good of your brothers and sisters who are lost. You suffer something that My special friends have suffered and some of My special friends will suffer physical persecution. Offer your suffering for My intentions and it will change lives. One day I will show you each life that has been positively impacted by your offering.”

Ok, Jesus. If you say so, Lord.

Jesus, please bring (name withheld) back to the church, to the family of God. Blessed Mother, please take her hand and help her to find Jesus. Dearest Mother, I know she loves You. Help her to see that she must return to the pure water that flows from the side of Christ, His church.

(private dialogue omitted)

“Yes, My child. If you can get away during that time, that will be good. Regardless, recall that it does not matter what you do or do not do, there will be no change of hearts. You are to remain steadfast, though and continue living the life I have chosen for you. The mission I have given you and your family remains unchanged. You are to continue preparing for the transition and a trip there will have a positive outcome for progress toward this goal. I have said that nothing you do matters regarding a change in your leader, but that does not mean that your goodness is fruitless. I am referring only to their perception of you, not how you really are, and not what I see and know; for your behavior, your actions, your kindness and mercy matter much to Me.”

Yes, Lord. I know what You mean by this. I understand the point You are making. Thank You for Your reassurances, Jesus. I love You. I am very grateful to You, my Lord and Savior. You give far more than I deserve, Jesus. I deserve nothing, but instead You consume me with Your complete and total love. Thank You, Jesus.

“It is My pleasure and My delight, My daughter. I love you and you are Mine. We walk together, You and I. We face each difficulty, each trial, each sorrow and each joy together. We are one. I love you and I love all of My children.”

Thank You, my Jesus. Help me to love You more each day, Lord. Help me to trust You more.

“Yes, My child. I will it. You will grow and these trials serve to advance you and all of My children of light, quickly. Times are growing darker and darker and short are the days I will allow this to continue because evil is on a rampage. I hasten the time of the great trials to begin and I shorten the time they will last, for I am watching and protecting My remnant. I am preparing My remnant. My Mother works especially hard and with the utmost efficiency to prepare Our children for the great battle. All is being prepared, My daughter. You are aware of this, and at some level you not only comprehend it, but are also seeing with My eyes that the evil one is becoming more and more active.”

“My children, those who love and truly follow Me, see this. If you are in prayer and have done what My Mother has asked of Our children at Medjugorje you will continue to see and comprehend. You will also be more open to My guidance in these most difficult and dangerous of days. Truly, My children of light are being molded as clay in the Father’s hands. I am fashioning all of My children of light into holy warriors of My Mother. You will all become Children of the Renewal when the time of the renewal comes and it is for this, that I prepare you. Yes, I prepare you all to withstand the evil one and to pass through the time of great trials that will be perilous indeed, but that is only a step in the great plan of God the Father. The next phase, a most important phase in the life of God’s people, is the time of the renewal. This is the time that My holy son, Pope John Paul II spoke of as the new springtime. This is one and the same, My child. Rejoice and be glad, for the renewal is also upon you. Remember this when times are darkest. Remember these things: I am with you and will never forsake you. You are children of the King. You are children of My Most Holy and Pure Mother Mary. You are in Her army, and you are Children of the Renewal. This means that renewal will come. I will renew the face of the earth in a very tangible way. Also, remember; the gates of hell will not prevail against My Church.”

“When times look bleak, and many enter into despair, you, My children of light are to keep the hope that is within you burning brightly for I call upon you to love one another; Serve Me, by serving one another; Follow Me, obey My Commandments, and continue on in the life of My Spirit, living the Gospel. This will carry you through and will be a source of strength to others. My Mother will cover you with Her mantle. Afterwards, during the renewal, My Church, though smaller, will shine with the Son, the light, and will truly be the city on a hill for all to see. You, My children will rebuild My Church, by teaching the faith, sharing stories of faith and hope and renewing hope in those who will have lost much during the time of great trials. Life will be simpler. Life will be more physically challenging as you work to rebuild, but very rewarding. Goodness will prevail and the world will be safe again for the children of God.”

Thank You, Lord. Praise You, Jesus.

Lord, please help us and guide us as we plan the retreat for our community. Lord, please guide the work of the hands of those who will build the roads and the barn and other needed structures. Lord, please make it so that this is ready before the retreat if it is Your holy will. Help us, Jesus. Lord, have You anything more You wish to say to me today?

“My child, prepare for your exit and continue packing. I do not say this as a correction, but to encourage you for the time is approaching for your move and in order for your family to be prepared to move quickly, you would do well to get ready now. I also want you to understand that things are progressing as planned and that all is on My timetable. You cannot see this, but it is true. I see all, and I know all. I do not want you to doubt My words or My plan, or even to doubt yourselves. Remain on the path, stay on course and one day all will come together. You are walking by faith and not by sight. Remember, My daughter, We walk together. I have given you enough for today. You are weary. You need some time today to prepare your meal and to prepare for the coming week. I will be with you as you pray your family rosary. My Mother and Saint Joseph, and St. Padre Pio will be praying with you. I give you and your family many graces through your family prayer time. Be joyful, My children, My daughter, My son (your husband). Be joy. I love you and that is what matters most. Be love to others. Be peace. Be joy. Bring My light to those around you. I am with you. Go in My peace now. I bless you in the name of My Father, in My name and in the name of My Holy Spirit. Be filled with peace and joy. All is going according to My plan.”

Thank You, Jesus for Your words of life and Your lessons of love. I love You, my Lord, my God and my All.

“And I love you.”

July 5, 2015, Adoration Chapel

Hello, dearest Jesus ever present in the Blessed Sacrament. I believe, I praise and I adore You, Lord God of Hosts. Jesus, You are my King, my God, my Savior and my friend. I love You. Thank You for the many blessings, Jesus. It was nice to see so many family members yesterday. Thank You for my family and for providing safe travels. Thank You for Holy Mass this morning and for being there with my family. Please bless our new pastor and associate pastor. Protect our priests, Jesus. Thank You, also for the visit on Friday with (name withheld). I am very grateful for his friendship, Jesus. Please protect and guide him in the coming difficult days. Lord, I want to thank You for helping me to contact (name withheld) so he could come to the hospital to anoint our friend. Lord, it was a miracle he was reached and that he was able to get there in time. There were so many obstacles, Lord and I thank You for removing them so that our friend could receive the sacraments when he was so gravely ill. I know his physical state was very compromised and he easily could have died. Thank You for keeping him alive until Father could get there to anoint him. Soon after he was anointed, his blood pressure started to rise. Thank You, my Lord and my God! Even the doctors on his case said his recovery was a miracle. Praise You Lord God! (Name withheld) is most grateful, too Jesus!

“My child, I allowed these difficulties in reaching a priest for your benefit. You now have experienced what it will be like in future days when fewer priests will be available.”

Lord, I thought of this at the time, and I understand what it feels like now to have an emergency; a life and death situation, with real concerns about the lack of available priests to administer the sacraments. I had such a sinking feeling, Lord. Thank You for the friends who prayed about the situation and tried to help me. Thank You, Lord that You answered my prayers. When I heard Father's voice on the phone, I was very grateful and overjoyed that he dropped everything to come to our assistance. He is a good priest and shepherd, Lord. Please comfort him, as he mourns the loss of his friend who was killed in an accident. Help him in his new assignment, Lord. Thank You for the gift of his priesthood.

“You are welcome, My little one. I am with him, as is My most Holy Mother Mary. Thank you for your persistence and not giving up hope. Through your efforts, this priest son of Mine was a vehicle of grace and mercy. I am pleased with his response and yours, My child.”

Jesus, thank You for the opportunity to show love for my neighbor. I am glad to serve You, Jesus in any way You desire. Please give me graces so that I don't disappoint You, Jesus. I love You and want to love You even more.

“My child, I desire to continue to prepare you for what is to come. There isn't time to prepare you fully, but the time that we have will suffice to ready you and your family and other children of light sufficiently. For the rest, to complete your state of readiness, I will supply needed graces.”

Thank You, Jesus. Lord, I am listening. You have my full attention.

“My little lamb, I do not want you to fear, but to take heart, and to trust in Me, your Jesus, your Savior, your friend. There is nothing ahead of you that you won't be able to face with Me and with the power of My love, and the guidance of My Mother Mary. Remember this, My child. I will be with you at all times, no matter how bleak, no matter how daunting. I am counting on you and all of My children of light to stand strong, knowing I your God am with you. I send legions of angels to guard My remnant, and though the human eye cannot see the host of angels preparing for a great battle, unless I allow them to be seen, My angels are there. My daughter, the angels who serve Me, the Lord God of Hosts are preparing for the great battle. Your guardian angel, ever vigilant is also by your side and this is true of each angel assigned to My children of light. I tell you this to assure you, that I AM is in charge. I tell you this because when the times of great trials are fast upon you, you will need to remember this in order to have confidence and to persevere.”

“My little lamb, you have lived (up until now) during a time of seeming peace and in your formative years, you did not witness violence, atrocities, war or conflict in your country. Though you personally have seen violence, you have been insulated from living in a war torn country. What is coming, then will be very foreign to you and others like you. You will hear of violent acts such as never before. You will personally care for people who have been through atrocities never experienced by anyone in this once great nation. My children of America will witness atrocities of a magnitude never experienced anywhere in the world. The scale of these atrocities will be small and seemingly contained at first, but will erupt into large scale calamities impacting virtually every state in your nation.”

“I remind you that this is not My doing; this is not My will, but will be brought on by the hardened hearts of a stiff necked people who no longer call Me God. By rejecting Me, they have invited evil. Some who rejected Me long ago, will be the perpetrators of this evil. When these events occur, there will be many casualties. Many people will die and their children, those who survive will be left without fathers and mothers. You have orphans in your country now, My child but nothing like the magnitude of what you will see in the near future. It is My will that these children of mine, be cared for, loved, nurtured and assimilated into the homes of loving families. It will be difficult due to the psychological wounds so many children will bear. It will be difficult for people to open their homes, for resources will be scarce as the economy continues to decline at a rapid rate.”

“I tell you that the families who help those who are less fortunate, will be blessed and will have the needed resources to care for their charges. I will see to this. I am calling on all of My children of light to love, just as in the Gospel and the early days of the church. You will step completely out of your comfort to assist those in need. My daughter, this is not foreign to you, and you have a recent example as a reference. I will be counting on all of My children to be like the good Samaritan in scripture and to be love to your brothers and sisters. I ask this of you, My dear little children for if you do not help those in need, there will be no one else to help them. I will give you graces, My children, and also you will see miracles. I will work miracles through you, and you will know the hand of God has been moved and that I am working in your midst.”

Thank You, Jesus for this instruction and your words to prepare us for what is to come. It sounds horrible, Lord and I am comforted knowing You will be there then. Guide us, Lord as You have said You will, as will Your Holy Mother Mary. We need You now and always, Lord. I am sorry for the state of the souls in our country. Please forgive us, Lord and bring us back to Your Sacred Heart.

“Some will return during the calamities and hardships. Many lives will be lost during the time that evil begins to reign and inflicts damage on the world. Those who cry out to Me in a spirit of repentance will be saved. My Mother weeps for her children. She weeps much like She did during the slaughter of Holy Innocents in Bethlehem. Though we escaped by fleeing to Egypt, My Mother wept for the Holy Innocents, the first martyrs for Me. My child, remember that My Holy Mother Mary endured much suffering and lived through a time when a great deal of violence was going on around Her. My Mother, the innocent dove, stood strong with great love in the midst of unspeakable suffering especially the suffering She endured by witnessing My Passion. This beautiful Queen of Heaven and earth will be with you. She knows how to suffer with such grace and dignity. Imitate Her. Ask for Her intercession and guidance and it will be yours. My Mother’s Heart will triumph in the end, and until then Her children must be love to others.”

“All will appear to be lost, My Children of the Renewal, but it will not be so. Do not look with your human eyes, but with the eyes of faith. Learn to see with your hearts. Learn to see what can be, not what is. This is not something you can do of your own power, but which I will make available to you when you pray and ask. I will give you many spiritual gifts, that will carry you and will enable you to minister to My hurting children and holy priest sons. Children who love and follow Me, you must pray now. You have very little time left and if you have not developed a life of prayer and a love for prayer you must begin now. Pray the rosary and Divine Mercy chaplet. Read the Gospels and meditate on My Passion, death and Resurrection. Bring all problems and concerns to Me for guidance and clarity. There is no time to waste. Hasten now and follow Me. You must follow Me decisively through your prayer life, through actions of service and love, and by attention to your daily duties. I will raise up many saints in these days for there is great opportunity for holiness where darkness and evil are present. Remember, My children that My love, My light, My power is greater than all the evil of every age combined, for I am God.”

Yes, Lord God You are most powerful, for You are all powerful. You created the world with a word. You spoke creation into being out of nothing. If You removed Your thoughts from us for one millisecond we would cease to be, for You keep the universe in perfect order, and the planets in orbit with precision. Everything good comes from You, God. You are all love and all love is You and because of Your love, and out of Your love, You created us. We belong to You, Lord God and that is such a delight! Use us in accordance with Your holy will to spread

knowledge of You and love for You. Father God, I love You. I will gladly serve You in any way You choose to use me in service of love today, tomorrow and always. Use me, Father to serve Your holy will. Use my family, Lord. Use our community Father in any way You desire. We belong to You. We love You. Jesus, have You anything more to tell me?

“Yes, My child. Recall the vision you had of a small child walking beside Me on the beach? Recall Me, your Jesus holding this child’s hand and walking at your pace, for you were this child; this child was you. Recall this, My little lamb and never forget, for this was a gift to you to help you through the difficulties ahead. I, your Jesus, walk with you. I have always walked with you, My daughter. I walk with you now and I will walk with you during the trials. When battles rage around you, keep your eyes on Me. When one of My children is present to you, wounded, weary and filled with fear, recall that I walk with them in the same way. You must tell them this. You must explain that no matter the condition of the ocean, be it mild, calm and at peace, Jesus walks with His children. When the storm rages, the waves become fierce and the winds blow with force, I walk with them still. I am the constant. I do not waiver, nor become weary of My children. Tell them this. Be a source of encouragement and love. Love them no matter how difficult they are to love, for they will be in a state of shock in many cases, and some will seem like they do not hear you, do not see you, do not care what happens to them. Love them anyway. Love them as if they were the infant Jesus, the toddler Jesus, the young Jesus. Protect them as St. Joseph protected My Mother and Me. Be love, be light, be peace, be joy for them and slowly, ever so slowly healing will begin to be evident. Slowly, over time you will see a smile or two in spite of the severe and violent acts committed in their sight which wounds their tiny little hearts. Over time, the love shown to the wounded ones will bring great healing and then My little wounded lambs will be brave soldiers of Christ. I will bind all wounds and what appeared to be the greatest weakness, will become the greatest strength. These children who were terribly wounded will experience the balm of love, the Gospel lived out in kindness and mercy. Be patient with their grief, their pain, their anger, for they have great reason for every emotion they experience. Accept this. Be understanding and redirect them by your warmth and compassion, and not with empty words. Walk with them, My daughter, just as I have walked with you. My children of light, My tiny remnant, My little children, love will prevail. My Mother’s Immaculate Heart which knows only love for Her children will prevail. Together We will rebuild My Church, but first you must undergo the trial. Children, I did the same in My life on earth. The Resurrection comes after the cross. Be love, be light, be peace, be joy, and above all things be children of the gospel, children of light, and then you will be My Children of the Renewal.”

“My daughter, again I encourage you in your family prayer. This is of the utmost importance. My son, (your husband), you are the spiritual head of your family, the priest of your family. You are doing well as you are committed to family prayer. I urge you to continue this spiritual practice and do not compromise with this discipline for with your family’s mission, it is of the utmost importance. One day, you will know. One day, you will understand. For today, you must act and be gentle, but be a model for your family and for other families. What I am saying is this; do not compromise this prayer time as a family by praying individually. To be united, you must do as I, your Jesus has instructed, and pray together. This is the battle I am asking holy families to fight. Your weapon is the Holy Rosary. Through this prayer, I bestow My sword of righteousness which My Holy Father, St. Joseph has given you. To carry this, one must pray much. Stay very close to My Holy St. Joseph and to My Sacred Heart. I come to you now, My son, as a child. I come to you as a small child and I draw near to you, for you are a man who searches after Me, Jesus and who desires holiness. The path to holiness, My son, is prayer and through prayer I will teach you to love. When one loves, the way I love, the way My Father

in Heaven loves, the way the Holy Mother Mary, and the righteous, holy St. Joseph loves, one becomes transformed into a holy saint of Heaven. I am calling My children of light to be saints of Heaven during the time you spend on earth. Draw near to My child's heart, My son. Hold Me on your lap and love Me as you do when you hold your grandson. Be a man of gentleness and in this I will give you more strength, more vitality, which is necessary for you to endure, to lead and to love and guide all I send you. These little souls will need a father and you will become this for them. You will be a witness to love, as all fathers should be."

"Meditate on My childhood. Reflect on My life at home with St. Joseph and My Holy Pure Mother Mary. Imitate St. Joseph. Ask him what it was like to be My earthly father. He will reveal this to you, and when you begin to understand this, you will begin to understand your role in loving and raising the children I send you at the community. St. Joseph will help you. Begin right away to sit with the Holy Family in quiet and imagine our quiet, simple, peaceful life. We lived a holy, quiet life, enjoying one another's company, even though we knew what would occur and why I had come. Learn to meditate on this, My son. You will at times question what I am asking of you. When you are tempted to think, 'These are not even my children, by blood.' I remind you that neither was the holy and righteous St. Joseph and yet this was his mission, to care for the child God sent to the world to redeem it. St. Joseph loved Me with all of his heart, mind, soul and strength. You are to love in the same way, those I send you."

"When My holy priest sons come to you and your family you are to love them as if they were Me. I will give you this grace as I have assured My daughter, but you must begin to prepare yourself by loving Me as a child. Draw near to the Messiah who was once a young boy and cherish Me. I will instill great graces for love and will heal your wounded heart. I long to do this for you, my loyal friend. Now, remember that I walked with you when you were a boy, just as I revealed to My little daughter. I did the same with you. I have always been with you, even when you were not aware of My presence and My love. When you decided to take a break from your Jesus, I remained with you, for such is My love for My children. When you feel rejection from others, recall that I too have been rejected. You must begin to see this for what it is. When someone rejects you, it is a reflection of their woundedness, not on what you are lacking. Begin to see this with supernatural love. When you are rejected, give the person space, pray for them and intercede for them. It is very likely; they are in need of healing of emotional wounds. Do not take this personally, My son. Remember that I was rejected first. When you are rejected or rebuffed offer this to Me. I can do great things with the suffering My children unite to me on the cross. I assure you there will be many times that you and every member of your family will be rejected by the wounded children I send you. This is only a reflection of the deep wounds they will have. Pray for them. Be kind and merciful to them. Love them and show love to them as if they were showing love to you. You are to remain a constant, steady source of love regardless of how others are acting. Be like Me in all things and especially in love. Go now in peace, My children of light. Pray, pray, pray."

Jesus, I intended to ask for your healing and for your light for one of (name withheld) friends. If she is following the wrong path, Lord help her to see it and to return to your light. Reveal what is good and true to her, Jesus before she falls into a dangerous place. Protect her, Lord for You are our Shepherd; the Good Shepherd. You seek the lost and bring them back to the safety of Your family. I pray this for her, Lord and also for our family members who are away from the church. Jesus, please help (name withheld) with her cousin who is disturbing her peace. Give her clarity and guidance, give her right judgment and protection. Blessed Mother please keep her, her husband and all of their children under Your mantle of protection. I pray this for them, and for all of our families and for all members of our community. Help us, Lord to move to

community quickly, Lord. I pray this and ask that we all remain in union with Your perfect and holy will. Thank You, Jesus, my Lord and my God.

"I have heard your requests, My little lamb. Rest in Me. Rest in My sacred, merciful heart. Pray and trust. All will be well. All will be well."

Thank You, Jesus. I love You.

"And I love you. I bless you now, in My Father's name, in My name, and in the name of My Holy Spirit. Go now in My peace. The world cannot give you this peace. I give you My peace. Share this peace with others. Be love, be light, be love, be joy."

Amen! Praise be Jesus Christ, now and forever!

June 28, 2015, Adoration Chapel

Hello, dearest Jesus ever present in the Blessed Sacrament. I love, adore, honor and praise You, my Lord and my God. Thank You for the opportunity to be here with You, Jesus.

"My daughter, it is good to be with you here, also."

Thank You for holy Mass today, Jesus and for allowing me the opportunity to go to confession yesterday. What a gift to have the Sacrament of Reconciliation! Lord, I am grateful that (name withheld) was at Mass today. It was wonderful having two of my children and 2 of my grandchildren with us at Mass. I so wish my daughter was back in the church. Please bring her back to the faith, Lord. I love her and want what is best for her soul. I know she will be happier when she returns to the faith of her childhood. Heal her of all wounds, Lord.

"My child, My Mother and I heard your prayers at Mass today. We are working in her life and in the lives of her husband and his family. Continue to pray for her and have masses offered. One day she will return. Your prayers and especially masses offered for her will help to soften her heart. Continue to live your faith and allow your love and your life to be a witness."

Yes, Lord. Thank You, Lord. I trust You and the Blessed Mother with her and with all of my children and grandchildren. Jesus, we have had no one look at our house. Should we call a realtor to help us or should we continue to wait on the same course we are taking?

"My daughter, continue on the same path. Take the advice of your aunt regarding ads in the paper. Allow a little more time, My child while you continue your preparations. My timing is perfect. There is still much to do first before your house is sold. Focus on the tasks needed that you can control and leave all else to Me."

Alright, Jesus. Thank You, Lord. My husband and I are wondering about whether or not we should exchange for more silver; specifically, the Miraculous Medal Medjugorje rounds. Lord, we have some funds set aside for the costs to move but aren't sure we should leave them for this or to obtain more of the rounds of Our Lady now. Do you have anything to say about this, Jesus?

"My little one, it would be prudent to exchange now. In the meantime, it can be converted if and when the time comes if it is needed when you move. It is not safe where it is. I prefer you use the gift I and My Mother have provided for My children's security. My son (name withheld) said

it well when he said that the Miraculous Medal Rounds will not lose value. This is correct and you would do well to exchange all that you can right away.”

Alright. Thank You, Jesus! Jesus, thank You for the beautiful sunny day. It is very nice to see the sunshine, blue skies, fluffy white clouds, and to feel the warmth of the sun. I am most grateful, Lord for all of the rain You sent, and it sure is wonderful now to have the sunshine. You know how much I appreciate the sun. Thank You, Lord.

“Thank you, My daughter for your gratitude. My little lamb, thank you for the kind gesture you showed to (name withheld). You did not want Me to mention this, and yet I want you and all of My children to know that even the smallest kindness shown to others, is noticed by Me. Each time one of My children shows kindness or does something charitable for another, the adversary does something similar to stomping one’s foot. He so hates charity and love. Each small act of kindness pleases Me very much. Do not think for one moment that I don’t notice, My children. For I see everything. It pleases Me when My children show love for one another. It is especially pleasing when the kindness was a sacrifice. Thank you, My daughter.”

Jesus, you are welcome. She needs to know she is loved, Lord. Please help her to know there are people who love and care for her. Most importantly, Jesus, please console her and let her feel Your peace, and Your love.

“My child, I am counting on you, and others like you to be love to her. I will show her My love, also but she will experience it through My children. When she comes to dwell with Me in My heavenly kingdom she will know My love in its fullness. Until then, I depend on My children.”

Alright, Jesus. Thank You, Lord!

My heart is heavy, Jesus with what is going on in our nation. My heart sunk when I heard what the Supreme Court had done. My sister said that the last nail had been put in our nation’s coffin and it seemed like an accurate analogy. Lord, I am so very sorry that our land has become so corrupt, and evil. I beg mercy from You, Lord and yet we do not deserve Your mercy. Many of us have talked about this horrible, evil decision, Jesus and we realize that we have sinned against You, as a country. I recognize this as an abysmal point in our history which solidifies the downward spiral our nation is taking.

Jesus, what is to become of us? I understand that we will face calamity after calamity and that Your desire is for repentance, conversion and turning back to You in humility. All I have seen lately from many of our nation’s leaders is pride and rebellion. I am concerned for our children and grandchildren, Lord; for they will surely be the ones who suffer most for this abomination. They are innocent victims, Jesus. Please help us, Lord. There are so many of us who disagree with what occurred and what has been occurring. My heart is breaking for this land that once knew You, once loved You and served You. Lord, have mercy on us; if not for us, who are the “adults” but for the innocent little children. They suffer so from this sinfulness they are most innocent.

“My little lamb, I know how your heart suffers. I heard your cries and saw each tear that fell from your eyes. My Mother was crying with you and surely, surely Her tears break My Sacred Heart. Your sister, My little (name withheld) is correct and what you say, My littlest daughter is accurate. The innocent little children of mine are always the ones who suffer most when sin prevails. Horrible atrocities are committed against them from murderous abortions to child

abuse and molestations, to unstable homes, homes with conflict and strife, to countless other sins against their innocence and purity. God the Father is very angry and His wrath as a result of His justice will be witnessed in this country founded in His name. This blasphemous action, giving the same public recognition to abominable 'unions' as the Sacrament of Marriage, is a travesty of the worst kind. This rebellion will not go unpunished, for it cannot."

"The Father is gentle, kind, loving and merciful and out of His mercy He will chastise this foolish sinful nation who wants to publicly mock My Mother who is the patroness of the Americas. She has warned My children of America for many years, all of which has gone unheeded and almost all but unnoticed. She weeps for Her children, especially those who are lost to Me by their own pride, and also for those who are innocent and who long to serve God in the nation that was consecrated to Me. Woe to those involved in pushing this evil agenda and woe to those who 'voted' for this by their foolish 'opinions'. These men and women who are called, 'supreme justices' will know who the true Supreme Justice really is. They were given responsibility to shape the laws of this land by a right interpretation of what is law based upon God's laws and the natural law I created for harmony, peace, safety and stability for My children. This nation was to be a light to the world. Instead, they have spread an ugly, sinful darkness, by their cooperation with the evil one. Prepare for calamities unlike anything witnessed before, for I your God will not protect you now, sinful America. You have removed yourselves from My protection and want nothing to do with Me, your Creator. You side with darkness and evil, and darkness and evil will play it's hand against you."

"When you cry out for God due to what is to befall you, do not expect an answer. You will not have it. Conversion of hardened hearts, penance, repentance is required and until then you will have exactly what you want. Men will lash out in anger at Me when the calamities begin. My little child, I remind you and others like you who follow Me, that I, God am not the cause of the hardships to come. I have removed My protection, because that is your nation's choice. This has been coming for many years, and while My Mother has pleaded for Me to hold back the judgment, Her children and Mine have continued to grow more and more prideful, more and more materialistic, more and more sinful. Where I show mercy, the lost, rebellious children show hatred. When I show patience, they show intolerance, greed, avarice and lust. When I delay judgment, patiently waiting for their repentance and return to me, they lord their wealth and power over the children of God. Now, they will fend for themselves as their greed, sinfulness, pride and malice is turned on them."

"The evil one who is My adversary has no loyalty for his followers. He shows no mercy for he has no mercy. They will go the way of lucifer and follow him into hell. The chain of events cannot be stopped now, My little lamb. Prepare with haste for the time has now begun of which I have spoken and for which I have been preparing you and other children of the light. Prepare, pray, fast and receive the sacraments now while they are still available. I am sorry, My little children of light."

"Now, you must be aware of every little child in your area, in need of safety for you will be responsible for My little ones. When you become aware of a child in need, you must reach out to help them no matter the cost. You must be My hands and My heart, for there will be no other assistance (no true assistance) from other avenues. My children, you must look out for and care for your brothers and sisters who are too young and innocent to care for themselves. Take them into your homes if you must for they are your future. They have been and will be wounded and you are all responsible for these little ones. Your Jesus is with you. I am with all of My

children of light. I will not do violence to free will for it is a gift to all human beings and even to the angels.”

“Those who choose darkness have cursed themselves. It is not I who condemn you, My lost, angry ones. I do not condemn you. You condemn yourselves. That is all I will say today on this matter. The borrowed time you were living on, a gift from Me to My Holy Mother Mary, has expired. You, My children of light, you must be in a state of prayer and readiness for what is to come. I will not abandon you, though I can no longer protect this nation, due to their sinful choices. I have promised I will never abandon My children. Remain close to My Mother’s Heart and close to My Sacred Heart and I will direct you. You will hear Me in your heart, provided you remain in a state of grace.

Frequent the sacraments. For those who are not fasting as My Mother has asked, begin right away. With prayer and fasting, and in a state of grace, you will know what you are to do to preserve your life and the lives of your family members. I love you and I will remain with those who follow Me. I am the Good Shepherd. My sheep know My voice and follow Me. Trust in Me, your Jesus and follow where I lead you. If you are attached to this evil culture and do not detach from your worldly ways and possessions it will not go well for you. Read the Scriptures and recall what Lot’s wife chose. Do not be like her.”

“Look to My Holy Mother Mary as your example. She gave Her ‘yes’ each and every time it was asked of Her. She followed My will perfectly even when She did not understand. Reflect on St. Joseph, My Mother’s and My flight into Egypt. The Holy Family left in the middle of the night at a moment’s notice and fled into the wilderness. You, My children will do the same. Be prepared. I have not only sent My Mother to teach and to warn you, but many messengers and prophets and still you do not listen. Listen now, My children. I do not tell you these words to create panic, for I am order. I am peace. I am truth. I am love, and it is from this love that I give you My words. It is not My will that any should perish. It is the will of the enemy that all perish. If you follow Me, you will not perish, but have everlasting life in My kingdom. My little lamb, you are growing more and more fatigued. I will support you, for you struggle to do My will. You sacrifice much to get My messages out to your brothers and sisters. I alone know what this has cost you and I, your Jesus am grateful.”

Lord, I am very glad to do anything and everything for You. This has not cost me, Jesus. It is such an honor to serve You, my Lord and my God. I regret that I am such a weak instrument. Perhaps with a better person, more would have listened and taken conversion to heart. I am in need of conversion, also Lord and I am most grateful for the sacraments, where I am washed clean and given an opportunity to begin anew. Please help us, Jesus to weather the coming storms. Bless and protect our shepherds and Your holy priest sons. Protect the innocent children You bring to us, and those all over the land. Help them to heal from their wounds, Lord. Help us to receive Your graces to love heroically and to die to self. I love You, my Jesus.

“And I love you, My little lamb. I love My son, your husband and I thank him for his presence with Me today. Be open to what My Mother is calling you to do. Go now in the peace and love that I hold in My Sacred Heart. I bless you in My Father’s name, in My name and in the name of My Holy Spirit.”

Amen!

June 21, 2015, Adoration Chapel

Hello, Jesus present in the Blessed Sacrament. It is good to be here with You, today. Thank You for the opportunity to visit with You in this beautiful chapel. Thank You, Lord for the many blessings of this week; for my daughter's successful surgery, and that (family member's name withheld) was able to go home today after being in the hospital all week.

Happy Father's Day, God the Father of all. I praise You and thank You for being our good Father. Happy Father's Day to St. Joseph, also. Jesus, thank You that my dad will be having dinner with us this evening. I am very blessed that he is still here with us, Lord. Thank You for his life, Lord. I am grateful that our community surrounds us with prayer and prayed for our daughter during her surgery. Thank You for such loving family and friends. You are so good and merciful, Jesus. Please bless (name withheld) for coming over to stay so we could come to Adoration, Jesus. It is pure bliss being with You in Adoration. I love You, my Jesus.

"And I love you, My daughter. It is good to be with you and with your husband today. Thank you for taking your time to be with Me when I know you are tired and would like to have time to take a nap. I am also very pleased that you went to visit your aunt yesterday. You took Me with you, My child and through you I was able to send graces to her. She was much more open to My graces when given through you, due to her love for you."

Thank You, Jesus. I am very grateful to my friend for watching our grandson and to (name withheld) so I could visit my aunt. Lord, I am concerned for her soul. I don't know if she accepts you or not. She didn't for so long, but I am hoping that she has opened her heart to You by now. I am also concerned for my cousins who I think are agnostic (or worse). Jesus, please prepare their hearts for conversion and to return to You.

"My child, you are a witness to them. Each time they are with you, My love shines through you and opens their hearts a little at a time to receive My love which you take with you wherever you go. Did you notice what (name withheld) said when you mentioned you had been 'storming heaven' for your aunt?"

Yes, Jesus. I was pleasantly surprised by her comment. She said that was interesting and that she had never heard that expression before. She did seem open and truly interested, and had no sarcasm or negativity in her voice. She seems to be very sweet, Lord and also vulnerable. I love my family very much, Jesus. I can't bear the thought of them being far from Your precious adorable heart. Lord, is there anything You would like me to do regarding witnessing to them?

"Just continue to love them and pray for their conversion. Show your love for them, and in this way you soften their hearts to Me, and bring My love to them. Your openness about your faith as a natural part of who you are is the best approach. Your joy and your love will win them to Me."

Thank You, Jesus. This is beautiful! It is music to my ears, so to speak. I pray that by this You mean they will one day be followers of You, Jesus.

"Yes, My child. They are beginning to be more open to Me. Your aunt is thinking more about what will come for her at the end of her time on earth. She is more open now that she is faced with the fact that she will not live forever."

Jesus, please give her peace in knowing that You love her. Lord, flood her soul with knowledge of You, Jesus. I love my aunt, Lord. She was so very kind and helpful to my mother when she

was so ill. My aunt, out of all of my dad's siblings who are all believers, was the one who really ministered to my mother by helping her and visiting. It was interesting to me that out of everyone, except (name withheld), she was the one there for us. The one who seemed to be farthest from You was the one who showed such great love. To me, this meant she wasn't far from You, Lord for You are love, so if she who doesn't acknowledge You (publicly) is so loving, I believe she does love You. God is love and to love, one must have the love of God. You put love into our hearts, don't You, Jesus? Is this correct, Lord or am I using 'wishful' thinking because I so want her to be Yours?

"My daughter, you are correct in what you say about love. All love comes from God. God is love. For one to love and show love to others, to put love into action, does have the love of God in their hearts. Souls who love, do yearn for God, do want to be in God's family. Some souls have been very wounded. Sometimes souls are wounded by trusted family members, and some by people in the church. Often, these wounds and the events that caused them, create obstacles in peoples' hearts toward Me. I see all, know all and understand all. I know what has occurred in each of My children's lives that has wounded them. I long to heal their wounds, to pour graces for love and healing into the wounds of My hurting children. When their hearts are closed to Me, I rely on My other children to help. When My children of light take My mercy, My love, My light to a hurting world, I your Jesus of love and mercy send graces for healing and love through you. Especially when My children receive My Communion, My body, blood, soul and divinity, we become united. When souls also visit Me in Adoration, I flood their souls with additional graces. You then take these graces with you, wherever you go and to whomever you encounter. You bring Jesus with you, My little lamb. My children of light carry Me, Jesus to a world in darkness. You are light bearers."

This is beautiful, Jesus. Thank You for using Your children in this way to bring Your light to a world in darkness. Your love knows no end, Jesus and You stop at nothing to reach Your hurting children. Thank You, Jesus that You love us all so perfectly and so completely. Jesus, thank You for my husband. Please give him a special blessing on this Father's Day. Thank You that he is the spiritual leader in our home. I am grateful for his commitment to prayer each morning and evening, Lord. He is a true prayer warrior, and a devoted father and grandfather. Thank You, Lord for my husband!

"You are welcome, My child. I do bless your husband in a special way today and bring with Me St. Joseph to bless him with his fatherly blessing, also."

Thank You, Jesus! Thank You, St. Joseph! Jesus, have You anything more to say to me today?

"Yes, My child. There is more to say. Much more. Continue to pray for souls who do not know Me and who are far from Me. Pray with an increased sense of urgency, My little one. My adversary is most active; working to tear souls away from their inheritance, which is My kingdom. He is very hard at work in this day. My Mother and I are also hard at work, though. There are more graces available for souls than ever before, with the exception of the day I died on the cross, and then the day of My resurrection. There are more people present in the world today, however and the presence of evil is even more pervasive. This is so, because My adversary knows his time is drawing to a conclusion and therefore I must send graces for conversion, graces for love, graces for healing like never before. This is why, dearest children of light, you must carry Me to this darkened world, spreading My love, and My mercy. Be children of light, Children of the Renewal. Bring My love to others, no matter how they treat

you. Return hatred with love. Return frowns with smiles. Return kindness and love no matter what it is you face. Be merciful for you know not what your brothers and sisters have gone through.”

Jesus, I also bring to You my (relation/name withheld) who is suffering so. She is fighting breast cancer and undergoing chemo. Please be with her and open her heart to You. She does love You, Jesus. Lord, if it is Your will, please heal her, Lord.

I still wonder at the amazing opportunity You afford us to visit with You and adore You in the most holy Eucharist. Thank You, Lord! The God of the universe, the one and only true God, Creator of Heaven and earth, comes to us during the Consecration and the bread and wine is changed by You into You!! This still amazes me, Jesus. That You not only loved us so much as to die for our sins, but to become bread for us so that through reception of the Eucharist, we are united so intimately. Thank You! Praise You, Jesus. Mere words cannot adequately express my gratitude, Lord.

Jesus, thank You for (priest's name withheld) homily today. We will miss him. Thank You for allowing him to be our associate pastor;(private details omitted). He is a good priest, Jesus and he is faithful to Your holy church and it's teachings. Please continue to guide him, and to bless his ministry. Keep him safe in the coming days, Jesus that are perilous. Blessed Mother keep Your mantle of protection over him and allow many precious souls the benefit of his teachings which so directly point to Your Son, Jesus. Keep him in Your care, dearest Mother Mary. Father is a beloved holy priest and I pray he will be safe and be used to bring Jesus to many, many more souls. Be with him as he moves to his new parish, Jesus. I pray for my brothers and sisters at (parish name withheld), who are saying goodbye to their pastor and associate pastor. It must be very difficult for them. Lord, thank You that You are sending (priest's name withheld) to shepherd our parish. I am grateful that You have all of us in mind and that Your holy will is carried out for the best possible outcome for all of Your children. Jesus, I pray for peace and unity in this world and in our home. Help us, Jesus to be witnesses to Your love.

“My daughter, My little one; be still. Be with me. Rest in My love. You have been busy with much activity at work and with many tasks at home for others. Rest in My peace, little one. I love You.”

Thank You, Jesus. I love You.

“You are burdened with many concerns. Give them to Me. Give all to Me, Your Jesus.”

Jesus, I am and I don't know where to begin. Have we gone outside of your will, Lord with regard to the house? It seems we are still not ready, or haven't done what it is You have asked of us. (Private dialogue omitted.)

Ok, Jesus. I am sorry we have not done so, yet as You suggested we do previously.

“My daughter, you are allowing obstacles within your minds to stop you. You both work on what is in front of you with gusto rather than doing the few things I have suggested. You must have more trust in Me, for I see what you cannot see. My son, it may seem illogical to contact (person omitted) to you, but I, your Jesus have a reason for telling you this. You see from a worldly perspective. I see from My perspective, the heavenly perspective.”

“My daughter, you hesitate to contact (person omitted) because you know how difficult it is to schedule time to meet, due to your schedule and you are also concerned about the cost. Trust in Me. More trust is needed. I will make a way where there appears to be none. I am God and I can do all things. Please do not put off the recommendations I am making, for time is of the essence. While you are both doing My will and being submissive to Me in all things, you are being tempted to doubt. I understand such doubts, My children for I was tempted when I walked the earth. While I did not succumb to temptation, I understand how difficult it can be to follow through with a plan that you know will be difficult. I ask much of you, My children. I ask much from you. You have given Me your ‘yesses’, My children. You must remember this each and every day and follow through with My requests”

“Do not take these lightly, My children, for I am leading you during a difficult time to position you where My Father wills you to be. You must do all that I ask without hesitation now, for it will be even more difficult later and you must be prepared now to go where it is I am leading you. I tell you this out of deep love and respect for you. I love you and I want what is best for you. I give you free will. I give you reason and intellect. Use these gifts to do My will so that it will go well for you and your family. Do not allow the small daily tasks to rise to a higher level of importance than those I am giving you for your future. It isn’t just for your future, My son, My daughter, but for many other souls for whom you will be responsible with Me for care and direction.”

“My children, the plan of My Father is of vital importance. It is critical for the salvation of the world. This sounds incredible and difficult to believe and yet you know this is true. My Father wills the world to continue. The adversary wants the destruction of the world and all living creatures with it. I am raising up communities under My Holy Mother Mary’s direction. You and many others have a critical role in forming these communities. These communities of My Mother’s will aid Her in crushing the head of the serpent. All of My children of light, by their prayers and in unity with My Mother, the woman will usher in the triumph of Her Immaculate Heart.”

“It is time My children to put My Father’s plan into action and to make this the highest priority for you and for your families. Recall how you ordered the supplies that I requested of you, working many hours late into the night, going without sleep on many occasions to complete what I asked of you? Please do the same with regard to your move. Continue packing all that you can. Prepare as if you already had a buyer and had little time left to move. Work with the architect and builder to begin the house. Prepare now, My children for when the time comes for you to move, you will have very little time. I will that your house be started right away, and I will assist with every obstacle that appears to be stopping you. Nothing is really stopping you, though. To be clear, the only obstacles you face are in your thoughts. There are no real obstacles, My children only things that you perceive to be obstacles. Step out in faith and I will make a way for you. I am the Good Shepherd and I know the way I do not ask that you know the way, only that you follow Me, for I know the way.”

“My children, do not think that I am scolding you, for I am not doing so. I am illuminating the way for you that has become unnecessarily cloudy for you are distracted with many things. Keep your hearts and your minds clearly focused on the true task at hand, moving to My Mother’s community. I give you this direction, this clarity because of My great love for you. I understand I have asked you to do something radical, My children. I am asking My friends whom I entrust a difficult and yet noble task. I am asking many of My children of light to do seemingly impossible things for these are the times in which miracles are needed and will occur to save souls.”

“These are the times that call for great dedication and devotion to Me and to My Mother. Times such as these produce many saints, My Children of the Renewal and it is in these times, you all were planned to be. The Father planned each and every one of you, My children of light, to enter into the world at just this time for you, My children were and are needed by the Father to carry out important missions. Each person living in the world has a very important role in bringing about My kingdom. Step out in faith, My children. Bring My love to others. Be ‘God bearers’ and bring your Lord and Savior to a world in darkness. Pray, fast and be love. Like My Gospel. Be the good news to your brothers and sisters who are living in darkness. Come, My children. There is no time to waste. Souls are at stake. I will help you. You have only to ask Me.”

“Recall the many saints who are assigned to you and your family for assistance. There is something unique about each saint that they have experienced in their lives that is in common with you and My Father’s mission. Reflect on these saints, My children. Learn about their lives. You will recognize some of these experiences now and see the parallels. Others, you will understand in time. These are your brothers and sisters in the faith, who have gone before you. Many lived through great times of adversity and suffering. Some have special aspects that you will live in community. Each one of these special saints in Heaven pray for you, your family and your community. Each one has been selected by My Mother and Me to walk this important journey with you. They will pray for you, interceding before the Father, every day of your lives until you are safely with Me in Heaven. Be wise and ask for their intercession even during the day.”

“When you begin to question what it is you should do next; what you should work on, etc. , ask one or all of these saints for direction. There are many, I realize and you would do well to learn something about each one’s life so you will begin to comprehend the plan I have for you and you will know each one’s strengths and talents. Think of them as your good friends. Just as your friends on earth have talents and strengths and you know who to call on when something is pressing or advice is needed, so it is with the saints in Heaven. They stand at the ready, My children. They pray for you at all times. They are unable to rush in and provide counsel and material assistance though if you do not will it, for they too must respect the free will God has given you. This is why you must invite their assistance. Do you understand, My little lamb?”

Yes, Jesus. I think so, We ask for their prayers each evening after we pray our family rosary, but you are saying (though this is good), we also are to ask for their guidance and assistance for specific tasks, and decisions. They do pray for us, and are ready to help us further but will not do so ‘uninvited.’

“Yes, My child. This is exactly right. All of Heaven desires to help My children on earth, but few ask for help from the saints. See how involved and engaged My Holy Mother Mary is in the affairs of Her children?”

Yes, Lord. She is very involved. (Thanks be to You, Lord!)

“She is the Queen of Heaven and the Queen of all saints. All of My children in Heaven, the saints want to be of assistance to their Queen Mother and by helping our children on earth, they are also helping Holy Mother Mary.”

Oh, I see, Jesus. Yes, of course! This makes sense! I hadn’t thought of it this way.

“So, you see; it is God’s will that the saints come to your assistance. Ask for their help. Ask for My Mother’s and St. Joseph’s help and help will be yours. You have only to ask. Step out in faith, My child. I will show you the way.”

Thank You, Jesus. Lord, I thank You for getting us back on track. You bring such clarity, Lord to everything that seems confusing. You simplify and clarify. Thank You, Lord!

“You are welcome, My little one. This time is like no other and I encourage you to have the sense of urgency you once had. I know you are weary. Get more rest at night so you can remain focused on what is important. I love you. I bless you in the name of My Father, in My name and in the name of My Holy spirit. Go in peace. Be love, be mercy, be light, be joy. Trust in your Jesus. I love You.”

I love You, too Jesus!

June 14, 2015, Adoration Chapel

Hello, Jesus ever present in the Blessed Sacrament. I love and adore You, my Lord and my God. Jesus, thank You for all that You do for us, Your children. Thank You for the mercy You bestow upon the world. Thank You for giving Your life for mankind on the cross and shedding Your precious, precious blood for the human race. Thank You for Your love, Your kindness, Your patience with mankind, and for opening the gates of Heaven for Your children. Thank You for Your holy and pure Mother Mary, for establishing Your church, for loving us so much that You came to the world to be one like us, to walk our earth, to be ‘in our skin’. It’s revolutionary Jesus to think that God became one of His creatures in every way except sin, so that You could take upon You, our sins, die in our place and then grant us salvation. Thank You, good and gentle Jesus. I love You!

Lord, please be with the (family name withheld) as they continue to mourn the loss of (name withheld). Please heal the two women who were hit while riding their bicycles. Lord, be with the school children who must be so very concerned. Thank You that my friend is recovering after being in the hospital so long. Please continue to comfort and console (name withheld) and heal her, Lord. I pray also for the return to our church/our faith for (name withheld). Thank You, Jesus for the beautiful steps that My friend said her sister has taken.

Jesus, have You anything to say to me today?

“Yes, My child. As I have said previously the world is becoming dark and devoid of God. I have given countless warnings via words and also in extraordinary ways through nature and other disasters, but My people turn a deaf ear. Children, increase the prayers that you pray so that your entire day becomes prayer for this is how you will need to be in the coming days. Do not wait for this time to occur when all one can do is pray, for you will not be able to do so if prayer is not a practice for you that has been implemented into your life. “

“My children of light must pray, pray, pray. You do not realize what your prayers are accomplishing in souls or you would have already done as My Mother and I have asked. Begin each morning with prayer. By this, I mean time that is devoted solely to prayer. If you are just beginning to form a structured prayer life, pray again at the noon hour. Begin to pray the Magnificat at noon and then at the 3:00 pm hour, the hour of My death on the cross, pray the

Divine Mercy Chaplet. In the evening, you will pray the rosary. Morning and evening prayer of the rosary will be for you a way to begin and end each day under the guidance of My Mother Mary and the Holy Spirit. You will recall at noon what God has done for mankind through My Mother Mary. This or the prayer of the Angelus proclaims what God has done for His people in the Incarnation. Then at the 3:00 pm hour those who follow Me will pray the Divine Mercy Chaplet and recall the great hour of mercy whereby I laid down My life out of love for you.”

“Do you see, My children, the rhythm of prayer and the way in which this supports all that you do each day? Some of you have already incorporated prayer in your lives in this way. Others were doing so but have fallen away. For those of you who have never established this, begin now. If you have children to care for, teach them to pray, also. Allow them to pray with you, for God listens to the pure of heart. Bring all of your needs and concerns before Me. You must begin to establish this time to pray My children for souls are in dire need of prayer. There will come a day when you will need to pray without ceasing and if you have not yet begun to pray, it will be much more difficult. I cannot emphasize this point enough, My children. You must begin to pray in this manner and also offer your day to God the Father so that all you do during the day will be from this perspective, for God the Father. My children, you must prepare your souls by going to confession and to Holy Mass and by prayer. You must prepare yourselves in this way for what is to come and also for My Father’s kingdom. This is to be the way My children live. Then throughout the day, apply the Gospel to all you meet and by this I mean, love your neighbor. First you are to pray for others, then you are to show your love for Me and My love for you by serving one another. In this way, you will be following in the footsteps of your Master, your Jesus.”

“Do you see, My children? I have not requested anything complicated. Live simply and live lives of gratitude to God the Father who is the Creator. If all peoples lived in this manner, there would be peace, joy and love throughout the entire world for God would reign in the hearts of men. My children, now you must listen to what it is I tell you, for I want what is best for you. Stop seeking material goods, positions of power for power’s sake, and competing with your brothers and sisters. This is not the way of life for My children. There is no competition in Heaven. You are to love your brothers and sisters. Do not envy others but rejoice in what is good for them and stand by others in prayer and compassion when troubles befall them. Learn from Me. Read Holy Scripture and live as I lived. Pray, little children for you know not the day, nor the hour. This is not intended as an ominous warning but an invitation to live My kingdom on earth for one day, My children will live lives of peace in the new Era. How will you do so if you have not learned how to pray and how to love? You will not, poor children. How will you yearn for Heaven when you are not praying? You won’t, poor children. Then I ask you, how will you fit in with those who are in Heaven if you do not want to be there; do not want to converse with me, your Savior? Begin to pray more now and you will find an increase in peace and direction for your lives. I love you, My children. I will teach you many things in prayer little ones. Try this, and see what your Jesus does for you.”

Thank You, Jesus. Your heart is full of compassion, mercy, tenderness and love. Thank You, that You haven’t grown weary of us, Lord and You continue to call us to conversion. Help me to pray more, Lord and also help me to pray from my heart. I know that You do not desire empty words, and so I ask You just as Your Apostles did, ‘Lord, teach us to pray.’ Thank You for the many beautiful prayers and the richness from the saints that is still available to us in their writings. Thank You for the rosary and Divine Mercy Chaplet and the many novenas and for the Divine Office, Lord. Most especially, I thank You for Holy Mass, the most powerful prayer of all.

Thank You, Lord. Still, move in my heart, Lord so that I am truly praying from my heart, with the fire of Your love.

Jesus I am sorry for my lack of focus and attention today. I am a poor instrument, Lord. I have heard excellent musicians with magnificent instruments, who sounded just as superb when they played someone else's instrument, Lord. An instrument of much less value than theirs and they still sounded beautiful. Lord, You are God and You are not limited by the quality (or lack of) of the instrument, so Jesus, use me anyway. Use me, in spite of my flaws, shortcomings, lack of attention. Jesus, I want to be used by You in whatever way You desire but I recognize I fall short many times. The only thing I know about this, is that often that is how You choose to reach others. Sometimes when I know I have failed to do as You would like, You still work miracles of the heart; You still reach souls. I understand that Your ability to touch hearts, has little to do with the quality of the instrument and everything to do with the talents and gifts of the Master. So, in spite of myself, I am encouraged to say, 'use me, Lord to help in some small way, or any way at all, to bring about your kingdom. Reach souls through me, Lord and through my family. We are very small, but You are all powerful, all knowing and omnipresent and can do all things.' Praise You Jesus Christ, God and King.

"Thank you, My child. It is as you say; for all of My children are small in comparison to Me, but together we will save souls. Together, My children will bring other souls to Me, and consequently to Heaven. I choose to use that which is small. I choose the opposite of what the world chooses, for the world does not follow Me, and does not understand the heavenly order of life. Everything that is worldly is off track and out of pace with My kingdom. Be salt, be leaven, be light. In this way, others are and will be attracted to you and your witness will then be more meaningful and more effective. My children, you fail to understand, you fail to see the dangers that are everywhere and all around you. You must return to the Sacraments and pray. It is in this way, that I will guide you. Be love, be mercy, be peace, be justice."

Jesus, help us to know the next steps to take regarding our house and the move. Things seem to be at an impasse with regard to the roads. Please help (names withheld) to clear the final hurdles for our community. I recall You said that when things begin to occur, they would move rapidly and yet we are still struggling with completing things on our end. Please help us, Jesus. St. Joseph, please help us to do as Jesus desires. Lord, forgive me for the times I have focused on work, versus what You wanted me to do. It is a difficult thing for me, choosing one part of my life and responsibility over another, Jesus, and I realize I am lacking in trust. Still, I am committed to the job You have blessed me with!

"My child, I know the stress you are under and the weight of responsibility you and your husband have. I know for this is from Me. You are doing My will and trying to juggle the many tasks and projects I ask you to do for Me. You are weary from the extra work and yet this is how I prepare you for what is to come. You are right in what you say, that more trust is required and it is this that I want you to learn. Every day is a gift. How I ask you to live each day, and your corresponding 'yes' is the gift you give to Me. We gift one another."

"When you are struggling and bring your problems to Me for guidance and help you are showing humility. You are saying in essence, 'Jesus, You are God and I am just Your creature. I need Your assistance.' In this way, you rightfully position yourselves at the feet of your Savior and I am then in a position to give you guidance for from your free will, you have requested with an open heart, the help of the Lord. This is how we relate to one another. I am your God, your Savior and your friend. I am benevolent, and desire to shower My children with graces for love,

hope, joy, peace and most of all salvation. You are My friends and when you open your hearts to Me and allow My friendship, My assistance, My love, you receive these graces. It is simple, My children. Man makes life complicated. God, who made the universe, makes life simple. Simplicity is of God. Beauty and truth are of God. Come to Me all you who labor and are weary and I will give you rest. Rest in My heart, My child. All will be well. Come; follow Me.”

“I need all of My children now to be as My first Apostles, and be little apostles, little fishers of men. You must be about the work of Your Father in Heaven and His business, your family business, is to help Heaven to save souls. Be light, My children of light. You must speak out now while there is still time. You must tell others about Me. Do so in love and in peace, but in the spirit of truth. My Holy Spirit will guide you. Be not afraid. I am with you. Go now My weary son and My little weary daughter. Go in peace and in My love. I bless you in the name of My Father, and in My name and in the name of My Holy Spirit. I give you a special blessing on this day of your anniversary for I have a unique call on your lives. Thank you for your ‘yes’. I, in turn give you Mine. Go now and trust in Me. All will go according to My plan. Thank you for visiting with your daughter and her family. Little by little My love is getting through. I love you, My children. I am with you.”

Amen! Thank You, Jesus. We love You!
