

### June 1, 2014, Adoration Chapel

Good morning, Jesus ever present in the Blessed Sacrament. I love and adore you, my Lord and my God, my All. I praise you King of Kings and Lord of Lords. Thank you for your presence here, Jesus. I need you, my Lord and Savior. Help me, Jesus. I have a heavy heart today, Lord, as I am concerned for my son. He struggles so, Lord, and he seems to be trying very hard to put his life in order. Yet, he has this demon of addiction on his back, Jesus. Free him, Lord completely from this. Please heal him, Lord. He has many gifts and talents and I feel You have important work for him to do for your Kingdom, Lord but he needs to be free from these chains to do Your work, to live in the light of Your love. Heal him, Jesus as only you can do. You're my hope, my salvation. Bring him peace, Jesus, and clarity of mind to see and hear clearly when the deceiver tells him lies to rationalize behavior. Guardian angel bring him every grace needed from our Lord to fight this battle that enslaves souls and keeps them from realizing the potential God has created in them. Saints in Heaven help his guardian angel with graces and prayers and strength. Put a mighty army of Heaven's warriors around him and keep the people who would do harm to and enable him, away. Please, Jesus and all you Heavens. I come to you as a beggar with a sincere heart who needs urgent assistance. What saint would turn a poor little beggar away?

"My daughter, My little one, I see and feel your suffering. I know your pain. I care. I love you. I hear your prayers. They do not fall on deaf ears. My heart is open to you and I enfold you in My Sacred Heart where I love and comfort you. You are safe with Me, little lamb. I am patient, kind, and merciful. I do not wish that any of My children suffer. I give you My peace. Rest in My peace. I am doing a great work in your son. You will see. Do not be disturbed when you hear rumors or even facts. This does not mean your Jesus isn't working, only that more prayer is needed. Have masses said for him. He has come far and I will not abandon him. His journey is a difficult and long one, though. Walk with him. Encourage him Love him. Pray for him. Pray for people with addictions during your family rosary. My children all over the world suffer from this bondage and the resulting afflictions. Many have no one praying for them other than the saints in Heaven. I ask My holy ones on earth to join their prayers with all of Heaven for this intention. So many souls are being lost due to drugs. Your Jesus loves these souls, also and I know their suffering and of their attempts to be free. I understand them more than anyone could. Many of My poor children suffering from drug addictions plead for My help even while they are overdosing. These souls are taken by Me to purgatory when they die for the time needed to purify their souls and to be free of all attachments of these sins. I, your Jesus, love them very tenderly. They are most grateful and loving and often are the most sensitive souls that have had overwhelming trials in the world and no one to show them the way. I am a merciful God, my daughter. Each soul is known to Me in the most intimate way. I know everything there is to know about your son. I see his trials, his work in witnessing for Me and I see the tempters invoking he follow them. They work hard to make him fall. I see that he trips and falls at times. I help him up and whisper loving words of encouragement to him. I send friends to call him, to check on him. His mother is inspired to send him notes of love and blessings. I also send people to him who are in need of his help. This serves to help him as well as the other. You must trust in Me, My daughter. Do not put your prescribed way upon his recovery, as My way is at times difficult to understand. It is sometimes not easily discerned and there are times when things look worse than what I see. I am at work and you can trust Me in this. Give him completely to Me, My daughter. Free your mind and heart from the burden of carrying him, for you are unable to do so. Put him safely in your Jesus' arms and I will carry him. There is much work to do and you must leave him with Me, his Lord, Savior, and Redeemer to transform him. Do not put your human timetable on this. Leave all to your Jesus. Allow Me to do the heavy lifting."

Thank you, my good gracious and merciful Jesus. I am most grateful and I praise and thank you for your love and for your reassurances. Jesus, I do trust you. It is very difficult to know when someone with these difficulties veers off course that they will come back to Your path. Thank You that You are doing a great work in his life. I see the results, Lord, and I just don't want him to throw it all away."  
. . . personal, private dialogue here has been omitted. . .

"My daughter, you are very precious to Me. I love you. I created you with a sensitive heart and soul. I did so for a reason and for a purpose. My world is hurting, broken, and many are unloved. I need your heart in this world at this time. I will love others through you and I am doing so. However, it also means that you carry others' burdens that may deeply affect you because of the depth and sensitivity I have placed within you. This also means you must rely more heavily on your Jesus to carry these burdens for only I can carry them for I am God. What is needed from you is trust in Me. You do trust Me more now than ever, but My daughter, I am calling you now to trust in Me in at even deeper level. When you trust Me completely, you are more open and free for My grace and My love to flow through you. By giving all of your concerns, burdens, anxiety, workload, and even your sicknesses when they occur it creates an open space through which My grace and love can flow. These burdens you carry due to your love for others are understandable. I your God created you in this way. One might say they go hand in hand, a deep sensitivity for others and resulting compassion and love go along with a deep concern and carrying of your brothers' and sisters' burdens. When you have another's burden give it immediately to Me, otherwise you become sad, tired, and unable to give and receive My love as completely as possible. Give all to Me, My daughter. You have made progress in this area. I am calling you to an even deeper level of giving and receiving and of trust in your Jesus. I love you, My little lamb. I wait patiently for you to bring everything to Me. Do not be concerned that you are bothering your Jesus or that you need to keep Me from seeing your pain as I know all and see all. I feel your pain even before you do for I know what is coming, what news will be delivered before you do. I love you and I have important work for you to do. There are many souls in need of your prayers and the graces you receive from My Mother's arms. Please open the space in your heart to receive more and more graces for love and service by giving everything that weighs you down or worries you to Me. You will feel lighter and have more energy for the coming days ahead. I will this for you. Will you do this, My daughter?"

Of course, Jesus, it is wonderful and the answer I need, Jesus. My problem is remembering to do so immediately. That is something I struggle with, for old habits of thinking and behavior are hard to break as You know.

"Yes, My daughter, and yet you are growing in this area. You brought your son to Me quickly. With practice, this will improve to the point you will do this immediately. Practice, will be needed though, to form new habits."

Okay, Lord, I will be working on this. Thank you, Lord.

"Thank you, My daughter, for your willingness to grow and to serve Me. I am pleased with you. I realize at times you feel as though you have failed Me and failed others. You have not, My little one. Do not accept these words and thoughts with which you condemn yourself. These are not from me, My daughter, and they are to be rejected. You are working hard, tirelessly, to serve your Jesus at the expense of sleep and of your health. I understand you are unable to order everything I asked this week. I, your Jesus, was with you each and every day. I know of your grueling work schedule and the many demands placed on you from all directions. You must give this workload to Me and do so with trust that I am capable."

Jesus, these statements sound very convicting to me and such an understatement at that. Of course, you are capable, Lord. You created the world and all of your creatures out of nothing. Well, actually, you created the world out of nothing and then took the dirt you created, and created your people out of dirt. Regardless, there was nothing but You, and You made us and everything we needed and need to sustain life. Of course, I know you are capable. Jesus, am I to do a mediocre job at work leaving after 8 hours, the many, many things that can't be done in that time? "

"My daughter, yes! I am asking you to do your best in the time allotted for each day's work. Eight to nine hours is plenty. The rest is needed for your vocation, your home life, and your relationship with Me. If things are left undone, so be it. It is not your problem that your assignment is unreasonable and fit for two people. You are not God, and you cannot do the impossible, though you try. You allow others to

have their ease due to your efforts, and this is not just. You are risking your health, your family's well being, and the very mission that God the Father and I have entrusted to you. You must realize now how very important it is for you to leave at a reasonable hour. Urgent situations will come up at work, of course, and you need to respond. You will do so from a better position when you are less overextended. Do you see, My child? You have a strong desire to be accountable and responsible, I know, for I created you this way. I do not want My children enslaved to their jobs. Choose Me, and the rest will be taken care of. There is only so much one person can do and you are working for two people. This does not please Me when I see you weary from the workload day after day. You lack peace and joy when you feel enslaved. This is against My will. Allow Me to work this out with your leadership. Trust in Me, My daughter. Give all to Me."

Yes, Lord, I understand and I am so sorry I have not done this already.

"All is a learning process. I am showing you what is needed with each step in your journey. I am pleased with you and wish to draw you closer to Me. One day, I will tell you it is time to leave your job, My little one. Until such time, you must achieve balance in your work, prayer, and vocation so you are all your Jesus intends you to be. I am protecting you from a culture that takes everything from each individual and leaves My children with nothing left but an empty mind, heart, and spirit which they then fill with pleasure seeking forms of entertainment, drugs, and other sinful behaviors due to the void in their hearts and minds because their Jesus is forgotten. You must be an example of how a holy life is lived. It isn't possible to be enslaved to your job and continue on the path of holiness I have laid out for you. Do you see, My little lamb? I am the Good Shepherd. Allow Me to carry My little lamb to new heights of holiness. I desire the best for My children. I desire the best. I am what is best for you."

Okay, Jesus. Thank you for giving me permission to do what I can at my best in the hours allotted and no more. I praise and thank you. I realize that I may not receive good reviews, but that doesn't matter. Your will in serving You and my family is all that matters. Thank you Lord for giving me a way out that was previously not apparent to me.

"My daughter, I want you to take walks and talk with Me. I want you to be more relaxed and joyful and in dialogue with Me in nature that you love very much. I am a jealous God and I want My daughter spending time with Me. I ask this of you and therefore you can know that when you leave work each day earlier than usual (note: instead of working so late), your Jesus asks this of you. I am far superior to those who are your leaders at work, and therefore, you are being obedient to Me. That is My desire for you and so we continue forward in your spiritual walk."

Yes, Lord. Thank you. I love you. "And, I love you."

(Note: direction was given in previous messages and He said some of the things asked about were not to be obtained now and He would provide them later. Jesus is now speaking...) "Trust in Me and continue to pray for all needs. Bring every concern and every question to Me no matter how small. Our work must continue and time is of the essence. I will not hold back what is to come any longer for evil wants to prevail and is working fast and furiously to destroy all life. The longer and the more time given to evil, the worse the atrocities will be. I desire to protect My remnant and for all to be prepared but I will hold events back only so long. I know the perfect timing, My daughter, when My children are as prepared as they ever will be and when delays are at a disadvantage to My children. Trust in My timing. Trust My words when I say time is of the essence, for the sense of urgency is grave. Now is the time to act. All is coming together. My Mother works tirelessly behind the scenes to bring My Father's plans to fruition and this includes the plans for Our communities. This community has a special role in the time of great trials and in the renewal and important work that no one else has. It is vital to this area of the country and is indeed necessary for the life of My priest sons, My innocent little children, and for My church in this region of the world. My plans for this community will not be thwarted and for this I need your cooperation so that all is in place when I give the word. We are in battle now, My children, and I am your commander ready to give the signal when the time comes. Prepare yourselves knowing this so you

are ready. To many it will look as though you are retreating from danger, and yet you are going to the front lines, and this is not a figure of speech. Pray, act, receive My sacraments, and be ready to move when I give the word. There is still some time but only time to finalize the preparations. All is in place now and I must have My children in position soon.”

Okay, Jesus. Thank you. We will.

“Do you see now how very important it is now for you, little one, to do your best at work but to limit the time spent there?”

Yes, Lord.

“I will cover you, My little lamb. Do your small but important part and I will do the rest.”

Yes, Lord Jesus. Lord, I talked with the person you asked me to call and she asked me about the page on the website and what it is to be called. I didn’t realize I needed to provide a name for this. I am fairly certain what you want but please confirm this. Is this the direction you will for the prayers, Lord? Is it supposed to be a separate page on this website Daughters of the Lamb?

“Yes, My child. All is according to My will and My plan. You are to name this site ‘Children of the Renewal’ for that is what My faithful remnant who live during the time of great trials are. I am giving you a new hope and something for My children to look forward to as they will need to hope in the future I have for the world. I will renew the face of the earth and you are Children of the Renewal. You walk in Me and I in you. You walk in My light and therefore you help prepare with Me for My renewal. All you care for and all people who serve Me in the refuges are risking everything for Me to protect My Children of the Renewal. Those who survive will rebuild My church on earth. It is part of My Father’s plan since the beginning of creation. My Children of the Renewal will establish the next time segment known as the Era of Peace. Do not doubt what I am saying, My daughter. Do not allow confusion to settle into your trusting little heart. I am the Word of God and nothing issues forth from Me but truth.”

Yes, Lord, I trust in you. My confusion lies in the difference in these terms. I thought the Renewal was the same as the Era of Peace.

“My child, the Renewal is connected to the Era of Peace. The Renewal must come first. It is an event that will occur after evil attempts to destroy creation. I will reverse all the attempts to destroy My earth that have occurred over many centuries including the latest atrocities and war ravaged areas in the world. If it were not so, the earth would not support life. I will renew the face of the earth in its entirety reversing all damage done by mankind to My Father’s beautiful creation. It will be so beautiful and complete that everything needed to sustain the life of My Children will be restored, in all its original beauty. You have occasionally wondered what the Garden of Eden was like and you will know when I renew the earth. Afterwards, My children will rebuild their lives, in a manner of speaking. This is so but not in the ways currently experienced in the world today. There will be no industry, no skyscrapers, no organized employment. There will be a focus on rebuilding the basics needed to live. Homes will be built and churches. There will be no need to work on sanitizing water, etc., because the streams, lakes, and oceans will once again be clean. All will be renewed. There will be wildlife for food; seeds for planting, fresh water to drink, and mankind will be in nature more than what can be recalled from those who survive.”

Lord, will it be like I have read about in the pioneer days?

“In a way, My child. There will be a return to an agrarian lifestyle but My children will work together for the good of all. In the pioneer days to which you refer there were more community efforts available but families were still somewhat isolated and expected to raise their own crops, plow their own fields, etc., or their family would not survive. During the time immediately following the Renewal, My children will help

one another. Food will be grown and shared among all in each community. Communities will trade with others to meet their needs and the needs of others. There will be one faith. My holy Catholic Church will be the one faith and all living in the Renewal will believe. The time that follows after the rebuilding of basic needs for food and shelter is the Era of Peace. Peace will be the focus, more so than building. These times are linked as all time in history is, but will be known as distinct times from mankind's perspective. There will be stability, peace, and unity in the Era of Peace. There will be a focus on prayer and growing in the love and relationship of each individual with Me. There will be time for study, play, prayer, work, and unity in families and communities. There will be harmony such as never before has been experienced by an entire people. Never!"

Wow, Lord. This is wonderful!

"Yes, and it will be. It will not be perfect as mankind will still have free will. However, love and service, and the following of My statutes will prevail in the hearts of My Children of the Renewal and therefore the Era of Peace will exist for a long time to come by human standards. All will be renewed, My child. I tell you this to restore your joy and your hope in the future. This is needed to aid you in getting through the difficulties to come. Focus on this, My little one, and occupy your thoughts on My beautiful renewal. This is a good spiritual practice for you and your husband. Lift your hearts to this time, when you feel overcome by the time of great trials. Recall My promise to you and renew your hope, your trust in Me, your Jesus who will never abandon you or your family."

Yes, Jesus. Thank you for this great gift You have given us, the knowledge of the Renewal and the Era of Peace. It is very beautiful and merciful. Thank You Lord that You will what is best and is beyond your dreams for Your children for we would die without Your protection and restoration and renewal. Thank You sounds inadequate, Lord. I am grateful though and there are no words to describe my gratitude.

"I accept your words, My daughter. I know you are sincerely grateful for I see your heart and your soul. My little one, you are My little lamb. I call you My little lamb for that is what you are. I am your shepherd and I carry My lamb on My shoulders. I care for you, provide for you, guide you, and speak to your heart. You listen for and hear My voice for My sheep know My voice and follow Me. You are small and will become even more so which is why you are a lamb. You will grow in holiness and purity like a small white lamb. You have suffered much and continue to do so. You and your husband have given over your futures to follow Me and have willingly given up everything to do the mission given to you from all time. My daughter, you will sacrifice more than your heart and mind can fathom now and your little soul will know more suffering and sacrifices than you can imagine now, and for this you are My little lamb. Lambs trust in their shepherds. Lambs receive all that is needed to live from their shepherds and depend on them completely for everything. Lambs are innocent and gentle. They are loyal and kind to one another, frolicking and playing with the other lambs in the field. Yes, lambs are a mere animals and do not have a soul, but you, My daughter, are My little lamb. I love you dearly and with the utmost affection. I see all of your wounds, your sins, and your suffering. Instead of becoming bitter and resentful, you continue to follow your Jesus and see the best in everyone. You long for peace, unity, and love and are quick to look for anything that will bring cheer to your little ones that I have put in your charge over the years. Yes, you feel the positions I have put you in during your career, those of leadership, have left marks of hardness on you. I tell you I have a plan for each experience you have lived and there were valuable lessons needed for each stage in your development. You were not perfect, I know you are thinking, and yet you accepted responsibility for any mistakes and learned from them asking your Jesus for help and guidance. That is all I ask from My children. You have done your best and that is all that is required. My little lamb has followed her Jesus anywhere I have led you and you willingly go even when the way looks difficult. I am sorry for any and all of your pain, some caused by your own decisions, some created by others, but all allowed by Me to bring you to deeper holiness and closer to Me. My child you are no failure. Have you fallen? Yes. Have you made mistakes? Yes. But have you loved? Yes, very much. Have you tried your best in spite of shortcomings? Yes, you have. Have you brought your sins to Me for forgiveness and in the Sacrament? Yes! Do you love Me, My little lamb? You love Me well and are learning to love and trust Me more and more. My dearest little

one, you are not perfect, but none of My creatures are with the exception of My Most Pure and Holy Mother, Mary. But do you love Me? I will answer all of these questions for you for I know your heart, and I tell you, yes. We work together for the rest and we go forward as a team to carry out the mission and the plans for which you and your husband were created. There is much more ahead but you have what is needed for today.”

Jesus, I forgot to ask You something. May I?

“Yes, My child.”

One of your messengers spoke Your message to me for my husband which I am unable to remember. You said something about giving him a “sword; A Sword of Righteousness.” Would You explain this to me?

“My little lamb, righteous men are brave, courageous, strong and loyal to Me. They are holy. This is the characteristic St. Joseph has and was known for on earth. What is the purpose of a sword?”

It is a weapon and should be used to protect in battle. It is sharp, cutting, or piercing.

“Yes, you have answered well. Your husband will protect you and your family. He is the head of your family. He is a man of prayer and he seeks to do My will. By prayer, he will always see clearly and will follow My will. He will cut through the fogginess and the distortions of truth by My grace. My graces to him are the sword I give him to provide for and to protect your family and those I send you. He will continue to grow in holiness and therefore in righteousness. Righteous men are humble men and men of prayer who seek My direction in every decision. St. Joseph is working with him to sharpen this Sword of Righteousness to grow in the virtues and to become all I have planned for him. (Note: Then Jesus gave me a message for my husband.) Tell My son, the Sword of Righteousness is a new gift and you will learn to use it well. You will be respected in your community for your honesty, integrity, trustworthiness and for your love of your wife and family, as well as for My priest sons and children I send you. Your fatherhood will increase in scope and you will know of My mercy, My love and My trust in you and your abilities which were gifted to you from the beginning. Use them well My son, for you are needed and I have only one of you! Follow St. Joseph and St. Padre Pio and you will not go wrong. I love you. That is all. Forgive yourself as I have forgiven you. Regrets are fine, but they do not serve you well now. Know that I love and forgive you, and that I am counting on you. All is well. All will be well. Be love, My children, be peace, be joy. Go in My peace. I love you.”

We love You dearest Jesus!

Jesus had this to say about His priest sons, about praying for them and ministering to their needs as the times grow difficult. “They are the only ones on earth who can stand in My person to administer the sacraments, and this – administering the sacraments, is the battle line. Satan and all of his followers will be vicious in their attacks on My Church and My holy priests. Many will suffer severe persecution, though nothing can harm their souls, they will have much to suffer at the hands of My enemies. I tell you now, so you will be prepared that some of the wounded I send to You, My little lamb, will be My priest sons. Do not be alarmed by this, My little child. I know how sad this makes you feel as you love them very much, as you do Me.”

Jesus went on to say, “The darkness of evil is all around you, and in its deception many go about unaware. When the evil plans come to fruition, I will weed out this evil and cast it out of your midst. The difference then, is that My children will awaken from their slumber, and take up their arms – the rosary and the sacraments and finally stand for their faith, God and for their fellow man like never before. You will witness many acts of heroic love, and it is through this, faith in Me and love for your brothers and sisters that evil will be defeated and My Mother’s triumph will come.”

### **May, 2014**

Jesus said we should pray for our guardian angels each day to protect us from the snares of the enemy, and ask the saints in Heaven to give us the needed graces for this day to avoid sin and to remind us to call on Jesus.

### **May 18, 2014**

Regarding the difficult times to come, Jesus said; "I will require heroic love and service on your part and the part of your family and community. I will give you the graces needed and you will see miracles, but what I need is your continual 'yes'. When you awaken each day, you will do well to say, 'Jesus, I desire to serve you in any way you choose to use me in the service of love today. Jesus, I am weak, and I am unable to meet the needs of others. You, Lord, have every grace needed. You, Lord, know exactly what each person I meet today needs. Use me Jesus in whatever way you deem necessary. Make my heart an open vessel to convey Your love and mercy to others. Guide my every thought and action today, Lord, in the service of Your kingdom where You live and reign and where we desire to be, Jesus. May Your kingdom come on earth as in Heaven, and may we love as if we were living there now, Lord. Give us strong hearts, clear minds, and able bodies to serve You as You desire, Jesus. May we love with the love You hold within Your Sacred Merciful Heart, for without You we can do nothing, but with You, all things are possible. Jesus, we place all of our hopes in You. Jesus, we trust in You.' Write this prayer on something to keep with you every day. This is what I desire you pray each day in addition to the other prayers I have given you. You will especially need this prayer when your important mission, that is My Father's plan begins. Pray it now so it will become a spiritual practice. I love you. Do not be afraid. I am with you now and always."

### **May 11, 2014**

Jesus said we are to rest more at night to prepare for the next day. "Your disposition will be better suited to respond to any and all conflict with love when you get enough sleep. You must also be physically prepared for the times of great trials. By that, I mean getting more sleep at night. If you have difficulty sleeping, you are to spend this time praying the Rosary for the intentions I have given you, as well as whatever is on your mind causing worry and anxiety. Give all anxieties, problems, and concerns to Me, your Jesus. You will return to sleep and the time you spent awake worrying will be used for souls in need. Your Mother is correct; Nothing on earth is wasted when united to Me. When anything troubles you or you feel irritable and lacking in peace, you must bring it to Me. Practice doing so immediately, then when the time of great trials are upon you, your spiritual practices will be so natural that you will incorporate everything in your life and the circumstances around you into My will. This is living the Divine Will. I call you to this, and by practicing this; bringing every concern, problem, challenge, difficulty, sadness, loss to Me right away, the life of the Divine Will can become a reality for you. This is true for all of My children.

### **May 11, 2014 (cont'd)**

"My daughter, the time has come to share the prayers I have given you with M". Jesus went on to say, "The prayers will assist My children during difficulties and serve to bring them many graces to live a life of love and service at a time that is most difficult; a time void of much faith and love. I desire those who are close to Me to spread My love and light in this dark world. My light is brightest where the darkness is heavy. This is a time of grace and a time that I desire many, many conversions. Be love, be joy, be hope to My hurting children."

Lord, I am sorry for not being as loving, for not being joyful and for not being a bearer of hope. Increase Your love in My heart, Jesus. Increase the joy from You and be hope within me, Lord so that I can do as You ask.

"My child, you do not see this accurately about yourself, but you are living, joyful and hopeful to others. This does not mean that you 'feel' this way inside. Remember I am speaking about an attitude. Once could say a 'Be-attitude' versus your experience through feelings. Being love is loving others versus

feeling loved by others. Being joy, is being joyful because of My love and the love you have for others. When I say, 'be love', it is beyond a feeling, one might say it is in spite of feelings. One does not always feel loving. When you serve out of love and joy, it is a decision. You may recognize you do not feel loving. Say, 'Jesus, I am tired and I do not feel appreciated. You were unappreciated and tired when you lived on earth, and yet you served and loved perfectly. Give me the graces I need to be like you, Jesus. Enable me to show love to others though I do not feel loved. Give me Your love. Give me the graces I need to serve others with joy, though I do not feel joy. Lord I give you all of my feelings as they are and ask that you replace my feelings with a heart of love, joy, peace, and service. Use my inadequacies as well as any talents you have given me for Your greater glory for the conversion of all who have not yet experienced the love of God.' This is a very beneficial prayer, My little lamb. I will honor this prayer immediately. You will understand the efficacy of this prayer only upon entering My heavenly kingdom. Share this prayer with others along with the other prayers I have given you."

**Jesus on losing our peace and allowing a spirit of irritability:** "It is good for you to recognize your faults and sins. Bring them to Me more quickly and I will help you, to give you an abundance of peace. When one has peace and love in one's heart from Me, the irritability has no room to take up residence in a person's heart. Say My name quietly to yourself in moments of irritation. Call upon Me and I will give rest to your weary heart. I love you and I need My children's help at this most dangerous time in history. There is much work to do and My adversary is creating the climate of distractions and noise. This makes it difficult for My children to hear My voice and follow Me. Since My children have forgotten the peacefulness of silence and the tranquility of prayer, My children continue to grow away from Me. Many have never even heard My name other than when those around them use it in vain. My children were created to know and love Me. They were created to live a life of peace and love and service to their brothers and sisters. They were not to live in such an age of disobedience and decadence. Therefore, assist Your Jesus by being love and mercy. When you pray on a regular basis I fill you and My children who pray with grace and peace in order to bring this grace and peace to others. This is why I request you to be love and mercy. You will grow into this by immersing yourself in prayer. Cast away all that does not lead to Me. Turn your backs on those things that are products of this age, entertainment, the media, and all that wastes your time. Use the rule of heaven to judge your activities. This is a spiritual tool against which to measure what is important and that which is unimportant. I give you this as a gift, My child. It is simple, yes, but it requires practice to implement and incorporate into your daily life. This rule will be a pathway through the forest of the coming chaos for your discernment, so please begin focusing and implementing this spiritual practice. Evaluate all by the rule of heaven."

Jesus said, "When the times grow even darker, your spiritual practices will be spiritual habits that you will easily put on when needed without hesitation. This is how I would like you to pray. 'Jesus, I open my heart as completely as possible to receive the great grace that is Your holy and pure love. I willingly accept Your divine love so that it can flow through my heart to others.' Practice this on a daily basis, My little child. Add this to your other prayers. Will you do so for your Jesus?"

Yes. Certainly, my Lord. I will. This is a beautiful prayer as all of the prayers You have taught Me are. This seems to be a continuation of the prayer you taught me about living as if I lived in heaven so to love and bring Your love to others.

"Yes, My daughter. It is. There is a rhythm, a continuity to the prayers. All focus on doing My will and living the love of My kingdom now and at each moment of Your life. You are to learn to live as if you were living in heaven. This is the type of loving and living I desire for all of My children. It is a foreign concept to the children of today who are so far from God and from My love. I desire My children who walk in My light to be examples of My love. You must focus more in this segment of the journey now, on living love. Examine everything in this light – the light of heaven. If something wouldn't bother one in heaven, then decide not to allow it to bother you on earth. Let everything be weighed against a heavenly perspective. I realize you have not been to heaven, My little lamb, and yet you will learn how to love and

to be love to others in this way. Do you recall the prayer you prayed years ago when you asked your Jesus to help you to love Me and to desire Me so much so that when you died your transition to heaven seemed easy?"

Yes, Jesus. I remember. I still want this to be real for My soul someday. Yes, Jesus. I remember. I still want this to be real for My soul someday.

"I have given you the way for this to become real for you and not just for you but for all who desire this path of holiness. This transition to heaven is just that; a transition for those who love and follow Me and who are My friends. A life of service to the Lord, though most difficult and full of crosses, leads to eternal life. The closer one lives to heaven on this earth, the closer heaven is for that soul. This is the meaning of 'Thy kingdom come, thy will be done on earth as it is in heaven.' You see, My child? I desire this for all of My children. I desire it to become My childrens' desire. The Father longs for His children to live this love, this unity which He models in the Blessed Trinity, so much so, He taught you to pray in this way. His loving gift which He desired I pass to the Apostles and all of My disciples, the great gift of the 'Our Father' is full of riches too valuable and too deep for the human mind to grasp. It will take enlightenment in heaven to begin to understand. Your Jesus gives you this lesson to share with others, too for their growth in love and unity with the Trinity. I invite you to share the prayers I taught you and this concept of living now as if you lived in heaven and to evaluate decisions and even annoyances against the rule of heaven."

Jesus said about marriage, "You must give each other every consideration and put each before the other, even in your thoughts. In this way, others will say, 'See how much they care for and love one another?' People will long for this kind of love and I will invite them to follow Me through this longing. Marriages can be healed simply by witnessing this type of love. This type of love is intended for all marriages, yet is very rare in your world. Many have never even witnessed a loving marriage, so I am asking both of you to be My witnesses of love and for love. Never put one another down – ever. Not in your words, or in your body language. Not even in your tone of voice. Yes, My child. I ask a lot of you and I expect much from my little xxxx and xxxx, but I never ask the impossible of My children. Pray for this change and ask My Mother and St. Joseph to help you. Pray every night in your family prayer for this great gift of love. Work to attain this and the graces will be there for you. This will be the most important work I give you, and this will enable you to do everything else I ask. In this way, hearts will change, marriages will be healed and all you encounter will be blessed by Me. This is My plan for all holy marriages. This is my first mission for each and every holy marriage. With more holy, loving marriages, all of society would change. One could say, the reverse, with unholy marriages, all of society would change and this, My daughter is what you see all around you; the result of unholy marriages, broken families, selfishness, greed, and power over others. This is what I am asking My children to change. Be love, be holy, be love to one another. Have holy marriages. Seek My will for your marriage and if more of My children lived in this way, the world would and will be different. Live now as if you were living in heaven. Love now as if you were already living in heaven. You see, My daughter? What around you is important if you were already living in heaven? What My child?"

People, Lord. Loving You, serving You and those around us. Worshipping You, following You. Loving others. That is all, Lord.

"Yes, My little one. You have answered well. That is all. Think of this often when one has a different opinion. Think; 'Is my opinion important? Would it matter to me in heaven?' This will be a good gauge for all issues. You can gauge the relevance of every issue, opinion and decision by asking yourself this question. I have given you much to consider and ponder. Read this lesson often and allow it to become a part of you. There is much spiritual food for you for a long time to come just in this lesson alone."

Thank you, My Jesus. I am very grateful for your beautiful and important lessons.

Prayer for marriages: Jesus I pray for the great gift of love from You for my marriage. Enable me to put (spouse's name) first even in my thoughts before my own needs and wants. Please grant us this type of love, intended for all holy marriages.

Jesus said that many on earth forget St. Joseph, but that he is active in our world and in His church. Jesus went on to say, "He protects, guides and intercedes for all of My children and he has been given such power it would amaze you if you knew the full extent. He is kind, gentle and very holy. St. Joseph was most brave when he was in exile on the earth."

Lord, why do You use these words? (exile) I'm sure St. Joseph was in ecstasy being in Your divine presence and yet I cannot begin to imagine how much responsibility was placed on him to care for You and the Blessed Mother.

Jesus said, "St. Joseph literally felt the weight of the entire world on his shoulders, knowing My role to save all of mankind. He knew during My childhood that I was vulnerable as a human child and that it was his job to protect and to provide for Me and for My holy Mother. Though I could have summoned a legion of angels to carry us across the dessert to Egypt when we fled from Herod's army, I did not do so. I allowed St. Joseph and my holy Mother Mary to care for Me as any other human being who had to rely on their parents for food, shelter and love. You see, My child, I put great trust in My earthly parents to care for Me. I, who am God entrusted Myself, the Savior of all mankind, to be cared for and protected by St. Joseph and the Virgin Mary. If I, Who am God, could put total trust in them, who is man to distrust them? They gave their all for Me so that I could give My life for the world, and yet My children scoff at and scorn My holy parents. Yet, they continue to love and beg for graces for the very children who despise them."

Jesus asked that we pray for those who have cold hearts for His Mother Mary and for St. Joseph.

Prayer: Lord, I pray for souls who have cold hearts for Your Mother and for St. Joseph. Please help them to love.

### **March 9, 2014**

"Allow My love to flow through you at all times. Say, 'Jesus help me to love and be love to others. Love others through me even when I feel hurt, rejected, or incapable of giving love. Send graces for love so that Your love will flow freely and abundantly through me until one day I am able to more easily give of my love.' In this way, My love will touch souls that you are unable to love in that moment and they will fail to notice any woundedness in you." ***See March 30th for the message concerning the rule of heaven, and also May 4th***

### **February 16, 2014**

"My child, this life is a pilgrimage, an opportunity to come close to Me, learn lessons of love and forgiveness, and to learn about My love and movements in love. Then when the pilgrimage brings a soul to its absolute holiness, because of each soul's choices in life, I bring each soul to heaven or for those who choose otherwise, to hell."

Jesus, You have said, on other occasions a little about people's choices. Am I to understand it is completely our choice to go to heaven or hell?

"Yes, My daughter. Each soul has the opportunity to choose heaven or hell and this is a lifelong and a daily choice. Some souls living in darkness choose hell, but then because of peoples' prayers for them, My angels' hard work, and the prayers of saints, their hearts can change and choose heaven. If they choose heaven and Me, even after living in darkness, I will save their souls from the evil one and bring them to heaven, often by way of purgatory. However, it is difficult for souls to choose heaven after living an evil life because the soul is in such bondage and has come to believe the lies of satan. It is most

difficult, not because God lacks the power, but because the soul must choose God and it is something difficult, though not impossible to do. It takes many graces and much prayer and fasting from others on behalf of a soul in darkness. That is why I need many families praying for the conversion of sinners. Thank you for setting aside the time in the evening for your family rosary. I am saving souls through your prayers. This seems unlikely to you?"

Lord, I know You can do all things. It just seems like an easy thing for us to do, and to think through our 30 minutes of praying a rosary, souls are being saved? You are so merciful, Jesus.

"Yes, My daughter. Your Jesus is most merciful. I long to save My children. You are being obedient to Your Jesus even though at times, it is tempting to skip your family prayer time, you persevere. This brings forth graces from heaven which are used to save souls."

\*The reference Jesus made to souls choosing hell, refers to them choosing while they are still alive on the earth. By means of many graces from God, souls can turn away from living in darkness, choose God and follow Him while they are still alive.

In reference to our children, Jesus said to reach out to them with "little messages of love." He went on to say the following; "Little messages with thoughtful and loving statements will keep their hearts open to your love, and My love through you. Their hearts are heavy and this will give them light and a renewed sense of hope. Parents have graces that only they can give their children and this is part of God's special value placed on parents. Ask My Mother to give you the graces you need each day and She will."

Ok, Jesus. I often forget about this, but will try to remember every day.

"Write it down, My daughter, with your other prayers. This is important especially in these times. If it were not so, Your Jesus would not mention it. All is for your good and the good of your family. Graces flow through you and all of My children out into the world. You must ask for these graces. My Mother has many graces from the Father and from Me that go unused. There are special graces for conversion during this time like no other time in heaven. Remain in a state of grace, frequenting the sacrament of confession. I am pleased you met me there yesterday. Continue this practice, My child. I love you. Go in peace and bring My love to others."

### **February 9, 2014**

"My Mother's Immaculate Heart will triumph and it will be so through an army of our children, our holy, loving children. Their weapon is prayer and this is why I beg holy souls to pray with their families. Family prayer serves to bring families under My Mother's mantle of protection and unleashes many graces from heaven. These graces move souls to conversion and in this way, by prayer, fasting and acts of love My plan will triumph, and the Renewal will come. My daughter, hell has unleashed its legions of demons to undermine My plan for My children. It will be to no avail, but there will be souls caught in the crossfire so to speak. Pray, pray, pray that fewer souls will perish."

### **February 2, 2014**

Jesus wants us to pray this prayer every day:

Jesus said; "The longing you feel to be united to Me and to give my love for others is a small taste of the kind of love you and all of my children who choose heaven will experience. The choice for Heaven is best made on a daily basis, My child, and I ask you to choose Heaven, My Kingdom, each day: Add this statement, Jesus, I choose Heaven and your Kingdom come on this day and every day of my life. May I live as if I lived in Heaven now, so to love and bring Your love to others."

“Pray, pray, pray much in the coming weeks for protection of My priest sons. Also, pray for courage and trust in the hearts of My bishops and priests. I will give them the words to say if they but ask. Your prayers will help them. But – you must pray.”

Yes, Jesus. I understand this is critical. I will do so and I know xxxx will too without a doubt. Thank you, Lord for the invitation to pray and fast and know that we will do our best.

Jesus went on to say, “Strengthen your resolve for the benefit of my priest sons and the benefit of My Church. Much is depending on it. My priest sons bring My body, blood, soul and divinity to My children, they provide My forgiveness and healing and through them souls reach the safety of heaven. So you see, souls depend on them. It is very important for them (My children) to have their priests and the evil one is well aware of this. He targets them because he cannot hurt Me. He focuses on the ‘apple of My eye’, My holy priests.”

### **January 26, 2014**

“My daughter, through the rosary, God the Father provides a way through the difficulties in life. Turn often to this important prayer practice. You will never regret the time spent on earth praying the rosary. You will only regret that it wasn’t prayed more often.” (Blessed Mother)

### **January 19, 2014**

When you begin to sense fear, say, “Jesus, hide me in Your Sacred Heart. Be my refuge.” Say also, “Blessed Mother, cover me with your mantle of protection and enfold me in your Immaculate Heart where nothing can touch me.” You may pray this for others, also. This prayer is given to My children and the Father will not refuse refuge for His children in My heart or the heart of My Mother, for this is His plan from the beginning. Go there often, My child, and you will find rest and relief from the battles and the storms.

### **January 19, 2014 (cont'd)**

Jesus said, “My child, pray for My priest sons, especially those who have forgotten Me.” When I asked Him how there can be priests who would forget Him when they say daily Mass, hear confessions, etc... all in His name he explained. “They are in the center of this culture, also and it is difficult for them. Just as happens to My other children at times, their vocation may begin to feel like a job, rather than being Christ-like and bringing Me to the world. They can begin to focus more on carrying out tasks, versus the reasons for their tasks. They can begin to shorten their personal prayer time, because they have so much to do, forgetting the One who gave them these tasks. If this occurs, they begin to think they carry their burdens alone and easily forget that I am the source of life and strength for them and I carry their burdens with them. Some become part of the world and become worldly. This is a very deceptive culture and many fall prey to the father of lies. My priest sons are not exempt. In fact, it is more difficult for them as satan puts every trap in their paths. This is why you must pray for them. Pray and fast for My priests and religious. My Mother and I protect them, of course, but in order to receive this gift of protection, they must stay close to Me and to My Mothers. In this way, they remain under our mantles of protection. Do you see, My little lamb?
