

June 7, 2015, Adoration Chapel
Feast of Corpus Christi

Hello, my dear Jesus present in the most Blessed Sacrament of the Altar. I love You and am very glad to be with You. Happy feast day, Jesus! Lord, thank You for the beautiful homily (priest name withheld) gave on this occasion of Corpus Christi. It was very good to hear our pastor teaching with authority on Your presence in the Eucharist, body, blood, soul and divinity and also that the consecration is the most important role of the priest, that holy Mass is a representation of Your sacrifice on Calvary, etc; Very moving and inspirational, Jesus. Please bless him as he moves into his new role in the church. Help him to carry out his new responsibilities, especially in light of the coming times. Thank You, Jesus. Please be with all of our priests and especially our shepherds, the bishops. Give them courage, fortitude and strong, pure hearts, Jesus to defend the faith. Please guide our shepherds, Lord and help them to see the signs of the times, and to have clarity. Protect, guide, guard and direct them Jesus. Please be with my family, friends, and parishioners and protect them during the coming calamities and the times of great trials.

“My child, many souls will be lost in the coming days. Entrust all to Me, and do not worry. Have confidence in Me that all will be in accordance with My will. My daughter your heart is heavy again, with the knowledge of so many casualties, including those who are priests. My daughter, you are aware of the way My adversary targets churches and especially My holy priest sons. I am guiding the church as always, and though great trials will come, My church will withstand the trials. Trust in Me. I am at work even now, when the days are most dark and the adversary works below the surface. I am guiding the events, and getting My holy priest sons in alignment where they will be most needed and most effective in ministering to My flock.”

Jesus, please be with (priest name withheld) especially in his new role and with all of Your priests wherever they are in the world. Help them to have a renewed sense of zeal for You, Your Mother and the holy Catholic Church and the courage to hold fast to the convictions and teachings of the Apostles.

“My little one, the knowledge given to you during Mass was from My Spirit. It was My Spirit that enlightened you about your pastor’s role in the coming days. He does not yet understand the significance of moving to this role now, vs. the time it was planned to be open (next year). He will be in position early to have the time needed for prayer, to orient himself to the priests in your diocese and to visit with the religious. I will guide him and all will go well for him and My holy priest sons and religious. Pray for him and for the priests in your archdiocese, My child. They will face much during the coming days, but I will be with them. My Mother will also be with them, guiding them and praying with and for them.”

Thank You, Lord that You always remain with us and never leave us during times of difficulty. Thank You for the merciful promise given to us, by You that the gates of hell would not prevail against Your church. Lord, it sounds as though our priests, no matter where they are located in this nation will undergo trials and persecution. Is that the case, Jesus or will it be specific areas?

“My daughter, it will be difficult no matter the location, but the calamities will be worse in specific areas of your country. The affects will be experienced everywhere, but will be worse depending on the region of the country. The persecutions, however will be widespread and worse, due to the numbers of Catholics and Christians, in areas where there is a larger concentration of Catholics. This is because My adversary will target the areas where there are more Catholics to

strike at the heart of My church. Consequently, My priests will go underground. This will be necessary to spare their lives, though many will be martyred. My little lamb, there will be a movement of priests and Catholics, away from the targeted areas, toward those areas less populated with Catholics. This will be a planned and conscious movement of peoples to protect families and My holy priest sons. This migration will occur causing many to move toward areas in your country that today do not have as many Catholics. There also will be a general migration of peoples away from cities targeted by My enemy and the enemy of My children, to escape the violence of war. This is why, My little lamb, My Mother has invited you and your husband, and your family to move to the wilderness. This is where She will establish Her place among you and your brothers and sisters, to begin a new way of life, to form a protective shield, Her community, around My holy priest sons and the many orphans who will be victims of terrible atrocities and violence who will seek protection. They will be in dire straits, so to speak, and in need of much patience, love and mercy. My poor little ones, (a pause and sigh from Jesus) My child, My child you and your family and many others in the world whom I choose to care for My littlest, the youngest, the poor orphans, you must become like the Holy Family to these children. You are to take them into your homes. Do not be like those who turned My beautiful pure Mother Mary and My saintly father Joseph away in Bethlehem, saying there was no room for Us. Do not be as they were on that holy and blessed night of My coming into the world. Be like the animals in the lowly cave who welcomed the Queen of Heaven and earth and the great patriarch of the church. They welcomed My holy birth, also and even bowed before Me. The animals, all of creation gave more homage to Me than did mankind. It has always been thus, but later, in the Renewal, it will not be so, for mankind will give glory to God in the highest. Yes, My child, all will be returned to the proper order during the new springtime but the transition will cause many to think the world is ending. It will not be so, My daughter and yet it will most assuredly seem to be the case. When the coming calamities, do not bring everyone back to God, as My Father and I desire, an even greater evil will come upon the world. The trials will be most difficult My child, and yet My Mother and I are raising up communities all over the world that will be a refuge in the coming days. Those in community will take refuge in My Mother's Immaculate heart. She will afford Her children the greatest protection and in this way, through the prayers of Her apostles, She will crush the head of the serpent. You see, My little one, a serpent will not always perish when another part of its body is crushed. The head must be crushed to assure death. My Mother and Her little army will do this once and for all, and afterwards the Renewal will begin culminating in the great springtime. The days leading up to this Renewal will be most difficult. My daughter, I tell you with all seriousness that these days will be worse than any other time in history; yes even worse than the early church experienced for My adversary knows what is coming and he acts with great fury and in a desperate and final attempt to snatch souls intended for My kingdom. He wants to conquer each and every soul, My child. All souls are created for Heaven, and all are children of the living God, which is why the adversary wants to steal their inheritance. He makes all sorts of false promises for power, glory and riches to any who will follow him. Do not fall for his lies, My lost little children, for his plan from the beginning is to steal your inheritance, which is Heaven. This is why, My children of light, you must not hide your light under a basket, but shine for all to see for souls in darkness are attracted to the light. Do you see the way insects are attracted to light, My child?"

Yes, Lord.

"There is always a lesson in nature, My child, for nature was created by God and the same principles that apply to the spiritual life, apply to nature for all was created by God and His imprint is on all He created. Therefore, just as in nature living creatures are attracted to light, so are souls attracted to My light that is present in My children of light. Therefore, do not hide your

light, the faith in Christ that is in you; for souls in darkness need to see the light within you to find their way back to Me. So you see that insects often die, so attracted to the light burning in lamps and electric lights are they. You too, dearest children of My heart must be ready to give your lives out of love for the light of the world, I your Jesus. I do not mean that you are all being asked to perish, although some of you will be martyrs, I am saying you are to die to self and live for Me. Live in union with My will and give of yourselves, sacrifice your interests, and anything that stands in the way of living completely for Me. Live for Me, My children. Love and show mercy to your neighbors and to any stranger I send you. There are really no strangers, My children of light. Those I send you are your brothers and sisters though you may not be able to recognize them as such. I recognize My children in this way, for all are brother, sister, father, mother, grandmother, grandfather as all are in the family of God. Love one another as I have loved you. I loved you by dying for you. You also must lay down your lives for your brothers and sisters, and by this I also mean to lay aside your own desires, your own selfish ways that place you in the center of your lives. God is to be in the center. Everything you do and even the way your lives are lived each day, should revolve around God, not yourselves. In this way, putting Me in the center, all will be in the proper perspective. Live for Me, dearest children of My heart, and soon you will live forever in My Father's heavenly kingdom. It is My desire, My plan to dwell with you in Heaven. Plan to bring as many with you as possible. Bring souls with you, My children. 'How,' you may ask. I say to this; by witnessing love and mercy (which is Me). Be a witness to My long lost children, by dying to self, living for Me, and loving others. Forgive those who intend harm for you. Forgive even if they persecute you. Do not allow the father of lies to hold you in bondage of revenge, unforgiveness and resentment. Love, love, love."

Thank You, my Jesus. I love You! Thank You for the many blessings we have. I am grateful that we are free to go to Mass and to receive You in holy Communion. I am thankful for the freedom to speak about You and to come to Adoration to visit You. Jesus, I am grateful for my family and friends and for the wonderful daily blessings of good food, water that is clean, soap and running water, the hygiene we enjoy because of plumbing, good physicians, medicines and hospitals, cars to drive and all the other numerous blessings we take for granted in this country. I was explaining what the water in Haiti is like to my grandson, Lord and I am sure it was difficult for him to relate. I want him to know that the conveniences we have in this country are exceptional and not everyone has what we have. We are very blessed, Lord though undeserving. Thank You, Lord for all You have provided for us in this country. Help us to be more grateful, Jesus and not take things for granted.

"You are welcome, My daughter. These blessings were given to a nation that once lived for God. Your nation was consecrated to God by your first President and also by others who followed him, though privately done (later). Now, this current generation mocks God, removes the mention of My name from its public institutions and makes public statements disowning Me. My child, I know this does not represent all people in your country; however I and I alone know that it does represent by far the majority. The protective hedge I had placed around this nation was removed, and therefore I no longer protect the entire nation as I once did. I am still with My children, however by the desire of the citizens of your nation, and by the free will of those who "banished" Me, I have no choice but to do what is in the hearts of My lost nation and respect the will of the people. Consequently, evil abounds and will have its day. My heart is heavy for this nation, once a beacon of light to the world, for following Me."

"This nation intentionally hid My light under a basket long ago, My little lamb and as a matter of course, stopped spreading Christianity, stopped acts of mercy to other nations, and instead participated with evil influences to do harm to the world at large through corrupt and self-serving

policies. Because of the actions carried out abroad and within your homeland, millions of little ones are killed within their mothers' wombs, many enemies of Christianity have been funded and provided arms, and the entire system of communism has regained a strong foothold. Do you see My children of light, how much influence a Godly nation has in the world, and how much evil influence takes over when faith becomes weak. This is why the Lord God cannot stand lukewarm souls, for not only do they do nothing for the kingdom of God, their inertia provides a welcome environment for My adversary and his followers to flourish. Couple this with the dispelling of God from your schools and government institutions and an environment for evil is ripe. This is the current state of your country My child. I know this grieves your heart. It grieves the hearts of those in Heaven who gave their lives for the liberty you enjoy, also."

I am very sorry, Jesus for the state we are in, in this once great nation; great because we revered and worshipped You, our great God and Creator. I am sorry for the times I have not put You first, Lord over my family or my career. Please forgive Me, sweet Jesus. You have done so much by giving Your life for me/us. Thank You, Jesus!

"Yes, My child. I gave My life so that all would have life. The life that I give is for each and every soul in the world from the fall of Adam to the last soul born on the earth. All were present to Me on Calvary, so great is My love for mankind."

Thank You, Jesus. We love You, Lord. Please continue to save souls and pour out Your Spirit on the world, and renew the face of the earth. Help us to love and to be mercy to others, Lord. Give us the gifts of Your Holy Spirit that we may be Your instruments to people in darkness. Work miracles of faith in our hearts, Jesus so that we will be Your empty vessels and proclaim the holy Gospel no matter what it costs us. Give us graces for charity to our brothers and sisters in need. Lord, make us Your apostles of mercy and of love in these perilous times. Blessed Mother look upon us, Your poor children and teach us to be Your army of the children of Mary most holy. Lead us to Jesus and then lead others to Jesus through You. Help us dearest Mother to love our Lord as You love Him, perfectly. Leave no stone unturned, holy Mother of God and our Mother, so that we may, under Your mantle of protection which is large enough for all of Your children, be Your army to defeat God's adversary. Give us graces for faith, hope and love dearest Mother. Present us to Jesus as children of the living God so that we may live for Him now, in this world, so as to live with Him in Heaven. Lord, set us like a seal on Your heart and mark our foreheads with the sign of Your holy cross. Protect our souls from the evil one, Jesus. Jesus, Mary and Joseph, we love You; save souls.

"My child this is a worthy request and one which all of Heaven receives. The saints in Heaven pray for you and for all of My children. Pray, My child for those who are in darkness, and who have never experienced My love for them. I desire that all be saved and not one hair on your head be harmed and yet the great gift of free will was given to the human race at the time of creation and I respect what I have given."

Yes, Lord. Thank You, Jesus. I understand what You are saying and why we will undergo the coming calamities. Remember us, Jesus. Remember those of us who love You and have mercy on those who do not know any better through no fault of theirs. Forgive us for not evangelizing our brothers and sisters. Forgive us for the times we have been poor witnesses. Forgive me, please Jesus for the many times I have been a bad example and have not lived in accordance with Your Scripture. Help our nation to fall to our knees, Jesus and worship You, our Lord and our God. Help us, Jesus to turn away from materialism and the other false gods

we erect and return to the God of Abraham, Isaac and Jacob, to our Lord and Messiah, Jesus Christ, King of all nations. I love You, my Lord, my God and my all.

“Thank you, My daughter, My child. I hear each request and I accept each one. You are very tired, My child. I accept your sacrifices, so lovingly offered to Me; So patiently offered. Every ache and pain you feel, your fatigue, your cramped and hurting hand, your concern for your children and grandchildren, all are accepted by Me. Thank you dear child of My heart. Your brothers and sisters will thank you one day, as they will thank all of My children who offer sacrifices for others. Seek refuge in My Sacred Heart and in the Immaculate Heart of My holy Mother Mary, for there you will be safe from the coming storms. Take refuge in Her heart My children of light and soon afterwards you will enjoy the coming renewal. In the meantime the earth groans in expectation and will continue to do so until the appointed time.”

Thank You, Jesus. I pray the ‘refuge’ prayer You gave me each morning and offer it for my family as well. It is a great gift, Jesus. Thank You for this gift.

“You are welcome, My child. My daughter there is much work for you to do in the coming days. Take heart and know that I am with you. You are weary and yet I add more to your plate with these words and the planning of My Mother’s retreat. You must lean on Me more, My child, and ask My Mother and St. Joseph to help you. Also, recall the many saints I have assigned to you for your welfare and call on them night and day. You must decrease at work (your job) so you can work more for Me after hours. I love You. I bless you and My son, your husband, in the name of My Father, in the name of My Son and in My Holy Spirit. Go now in peace, My child. (I remembered I intended to pray for someone in our community.) All will be well. I guide (name withheld of the person I intended to pray for) in the processes he has been praying for and know the struggles he is facing intimately. I say to him; ‘Be of courage and walk in the path of My sons who are upright and holy men of God.’ He has many examples in the saints and in My holy Mother and St. Joseph. St. Joseph, the just will guide My son (name withheld) and all of the men of My Mother’s community. They must put the affairs of Her community in Her capable hands guided by St. Joseph and the Holy Spirit. ‘My son, Oh, how I love you. Rest in the heart of your friend and Savior. I am with you. Remain steadfast; strong in the spirit of God that guides you, and ask also for graces of joy. Always be of good cheer, for all of Heaven prays for you. You, My son are being asked to do much, I realize. Trust in Me and continue to walk arm in arm with your brothers, those I have given you at the request of My most pure Mother Mary. I see your struggles first hand, My son and I tell you that what you experience, I experience. Come now, be of good cheer for your Jesus walks with you and I never leave you to face these struggles alone. Where there is no solution, according to the world, you will see that I, your Jesus have the answers. I call you at just such a time as this, to increase your trust in Me. All will be well. Walk upright and keep your eyes on Me, your Jesus. ‘

“Go now, My son and My daughter and be love, be mercy, be people of peace and joy for you love the God of all creation Who loves you and calls you His children of light.”

Thank You, my sweet Jesus. How great You are, and how amazing it is that You care for us with such tenderness and love. Thank You for giving us Your guidance and direction, Lord. We are lost without You and yet, You always show us the way. Thank You Blessed Mother for teaching us to be children of God and for taking us by the hand and leading us to Your Son, Jesus. We love You, dearest Mother Mary, our Queen, who is Mother of God, Mother of the Church, and our Mother.

Lord bless all of the efforts of those who have answered the invitation to community. Help us to fulfill this great plan and bless all who strive to live as You have asked. We love You, Lord!

"And I love you! I bless you now in the name of My Father, in My name and in the name of My Holy Spirit. Go in My peace, My daughter and My son. All will be well."

May 31, 2015, Adoration Chapel
Feast of the Most Holy Trinity

Glory be to the Father and to the Son and to the Holy Spirit; as it was in the beginning is now and ever shall be world without end. Amen. Hello, Jesus ever present in the blessed Sacrament. Thank You for allowing us to be with You today. Jesus, thank You for holy Mass and for giving Yourself to us in the Eucharist. All praise honor and glory is Yours, now and forever!

Jesus it has been a difficult week and yet there were blessings, also. It was so sad that (name withheld) died and at such a young age. Lord, his wife has been through a very difficult year with deaths in her family months apart and now her husband. Their children are still young, Jesus, not yet able to be out on their own. Such young men need their father. Lord, I don't understand this, but I trust You and know that nothing happens, but for our good. Please be with (names withheld). Help them all to draw closer to You and to be enfolded into Your Sacred Heart. Blessed Mother put Your mantle of protection over the family and protect them from all harm. Take their hands and lead them to your Son, Jesus. Please bring them back to the holy Catholic Church. Thank You, Jesus. Lord Jesus, I trust in You Lord, I place all of my hopes in You.

Thank You, Lord for Friday, spent on retreat with my team and also for the meeting with (names withheld) to plan the retreat for our community. Jesus, there is much that needs to be done to hold the retreat on the community grounds (buildings to be built, roads, electricity, plumbing). Perhaps not all of these things have to be done, but it seems the best path forward since these things are needed anyway and not just for the retreat. Jesus, is this what You will for our retreat, or should we be doing something else, like holding it in a different location? What is Your direction for the retreat, Jesus? This seems like it is going to be so much work, and having it at the (place withheld) would be much easier. Please give me Your counsel, Lord.

"My daughter, it is right what you have said about holding the retreat on community grounds. Praying together on the property, having another blessing by one of My priests of the land, will sanctify this area and I will provide graces. Organizing the retreat will require involvement from many others and will serve to unify the community behind a common goal. You are correct that this will require much effort, but this will be diminished with everyone working together. Make a list of all of the major tasks that need to be accomplished and solicit input from others and volunteers to be responsible for each task. If they do not step forward to assume responsibility, you can then make other arrangements. This will need to be done soon in order that all will be accomplished."

Yes, Lord. Thank You! This makes sense and thank You for bringing such clarity!

"You are welcome, My child. Do not spend even a moment worrying about things. Bring them to me right away and I will give you direction."

Yes, Lord. Thank You. Lord, please work in the (family's name withheld) hearts to bring them into the church. They have been going to the church or at least, it seemed they have been in the past. Finding out that they are Catholic and that the sons were baptized was such a pleasant surprise. Thank You, Jesus! Please console this hurting family, Lord. Help them, Jesus. Please, Jesus.

"My child, I am with this family and love each one very deeply. They will draw nearer to Me as a result of their sadness. Go visit with them as you have mentioned doing. You will bring comfort and My light to them."

Yes, Lord. I would like to do this. Please make a way for me, Jesus. Open their hearts to the possibilities of life with You, Jesus. Lord, I pray also for all of my classmates I saw yesterday, but most especially for (name withheld) soul. Jesus, I don't know if he was close to You in his heart, or not, but I know he knew about You. I am sure he respected You and had the fear of the Lord in his heart. I pray he is at least in purgatory, Lord and that he moves quickly through his purification time there, Jesus. He didn't have the background that most of us have, Lord and didn't know the faith. Jesus, please pour out Your mercy on him and allow him to open his heart to You. I also pray for (name withheld) who I have heard does not believe in You. Lord, You have given him so many gifts and talents. Help him, Jesus to find You; to experience your love and to seek You. Help everyone who was at the funeral and those unable to attend to draw close to You, Lord Jesus Christ. Infuse them with the faith and allow them to experience Your love, Lord. Jesus, Mary, Joseph, I love You, save souls.

"Thank you, My daughter for bringing this that is so heavy on your heart to Me. These prayers are worthy requests of Me and I take each one to heart."

Thank You, Lord! Jesus, I am beginning to be concerned about moving, as we have to take care of our daughter when she has her next surgery and it could be for longer than the first time. Please be with her and help her to have a successful surgery and also help her to heal rapidly, Lord. It will be difficult for her since she won't be able to drive, Lord. I give this to You and also our entire move process. Of course we will need some place to go when our house sells, Jesus. Lord, is there something we should consider that we are missing? It is going to take a lot of money to fund the move and building of two houses. Should we just build one house, Lord? Should we build one of the small/tiny houses were told about, first?

"You are burdened with much My child. Continue on the path on which you are headed. I will advise you if you are to take a different direction. Trust in Me for the plan I have is perfect. I will supply all of your needs."

Thank You, Jesus.

"You trust Me with souls, and likewise you are to trust Me with My plans."

Yes, Jesus. You are right of course. Jesus, we/I just want to be sure we are within Your plan especially when it comes to building both houses.

"Yes, My daughter. I understand and this is good to bring matters to Me for direction."

Jesus, You said previously that the retreat was to be sacramental and spiritual. Will You please provide a holy priest to celebrate Mass, to bless our property and even to have confession

available to us? Jesus, it would be wonderful to have a priest take part in this, and come to our retreat. Is there someone who could be available, Jesus? Lord is there one who is in an order or who was that will understand what it is to form a community? Please guide us, Jesus and Blessed Mother.

“My little one, I am and will be guiding you. Rest assured you will have what is in My will, from the sacraments, to the building, to the food and other provisions. All will be well. Pray much and allow Me and My Holy Mother Mary to work.”

Thank You, Jesus. Lord, we are fast approaching the beginning of summer and You had said a buyer would surface this spring. Jesus, with my daughter’s recovery, how are we to show this house? Should we engage a realtor? She needs a place to recover, Lord. Jesus, we want to do Your will, even though I am slow to respond so many times when You have asked me to do something. Lord, it can be overwhelming with work and so much responsibility. Help all to be accomplished according to Your will. Give us the direction we need, Jesus if we are off track. Lord, if we simply need to trust You, we will continue to do exactly what we are doing. If there is something we are not doing or should do differently, please tell us or show us. We do not want to disappoint You, Lord and also we know the timing You desire is for everyone’s good. We don’t want to be remiss in following You, Jesus. Please help us.

“My child, you are doing what is charitable in helping your daughter. This is always the best course to take; doing for others out of love. I will follow through as I have said. Begin to engage the builder and work on obtaining a building permit for your first house. Reach out to (name withheld) for assistance with anything you need and he will help you. Do not doubt his motives, for he is a man after the will of God and he loves My Mother. All that he is doing for Her community is with the purest of intentions. Things are often different than they appear on the surface. You are very aware of this principle, My child. Do not allow the tempter room in your hearts or in your discussions when he wants you to doubt one another. All will be well. These struggles are normal for the initiation time of My Mother’s community. All of you are in a time of transition and these times (transitions) are challenging. What is needed is love, trust, respect and above all prayer. With prayer, things become more clear. With prayer, hearts are open to Me. With prayer, graces are provided enabling one to love his brothers and sisters. Pray, pray, pray. Begin to offer your fasting for the community and for conversions. Things will be moving quickly, My child, My little one, and I want you and My son, your husband to be ready to move when the time comes. This means you need to begin working with the builder you have selected. Schedule time to speak with him together; a meeting to begin the process. This will allow an organized process to ensue. If you have concerns for what is to be done first, these are things he can answer. All will be well, My daughter. Pray, fast, and act. I love. Trust in Me.

Thank You, Jesus. Lord, have You anything to say to me?

“Yes, My child. The time of the next calamity is drawing near. You have nothing to fear. I tell you this to remind you to pray for souls. More souls will be lost in the next calamity than have to date within recent years. Pray for conversion especially for those who will lose their lives in the coming calamity. Pray for them. Pray for their family members. Walk with Me each and every day, dear children. Do not focus on things that are immaterial. Do not focus on your own agendas, only on what it is I will for you in each moment. Does this sound difficult, My children? It is in the beginning, just as with any change in habits. It will become natural over time, with practice. Give each moment of the day to Me, My children and when you become

annoyed or irritable, ask what it is that I want you to do. Ask, 'What is Your will in this moment, Jesus?' I will then provide direction for you so that you are no longer acting out of your will but My will. Over time, we will become more and more perfectly united. This is an important spiritual practice My children and is of the utmost importance for your spiritual lives and for direction for the future. You see the signs of the times, My children. You do not fully understand what is to come, what is to be, and yet you are aware that these times are like no other time in history. You must listen, in your hearts to Jesus for I desire to give all of My children direction. You will not hear this direction, nor see what I am pointing you to, if you are not praying. Pray, My children. Pray to know the will of God. Pray to know and experience My love. I will shower My children with graces for love, but you must be prayerful to reap the benefits of My graces. You must also be in a state of grace which means frequent confession and reception of the Holy Eucharist. My heart is heavy for the children who are unrepentant.

My lost children, My poor lost children, when will you awaken from your slumber and see that your souls are in peril? I cry out to you, but you are like those who walk in their sleep. They do not hear, nor do they see clearly. Awaken! Rise! Come, follow Me, your Lord and your God. Seek My forgiveness, My mercy before it is too late. My little lamb, you are wondering why you are unable to sleep, and when you do sleep, you still awaken exhausted. You are carrying heavy burdens, My child, and you are also feeling the weight and heaviness My heart feels. Carry these burdens awhile longer, My daughter. You have asked to console the heart of your Jesus and this is an answer to your prayer. Do not be concerned with how you are feeling, My child, for this will pass. You carry the weight of some of your brothers and sisters who have not experienced the love of God. This uneasiness you feel you are plagued with, is the restlessness of their hearts so far from God. Do not be focused on this, My child. My little lamb, I invite you to simply persevere, trusting in Me. All will be well. Do not cry, My little one, for you are helping your Jesus. Carry on a while longer. The way is never easy, and it wasn't easy for Me. This is the way, though My littlest one, and as you are aware, the way is Me. I am the way, My child, My sweet daughter. I take your hand now sweet one and we walk together. You feel you are disappointing Me. You feel the zeal for God has diminished in your small, weary heart. I tell you to become quiet, and rest in My heart. My heart is strong and beats with vigor and life. My heart is true and will never let you down. My arms are also strong, yet they are equally as gentle. Come, rest in My embrace. Allow your burdens to be set down for a time and visit with Me. Forget all of your cares, My child. We are together now, visiting with one another and all of your cares and the busyness of the world has been set aside for this time. This time together is yours. It is time to be with your Jesus. It is as if you were visiting with a loved one you haven't seen for a while and there is much 'catching up' to do. The time seems to fly by, as you say, does it not? It is I, your Jesus who loves you. Take heart, for the time of transition is brief compared to the time of the Renewal and Era of Peace. The struggles endured now for Me and for the salvation of souls will be well worth it, My little lamb. Allow Me to carry you and you, pray and in turn carry your brothers and sisters. Do you know how your heart has been covered in sadness, cloaked in anxiety for your friend and brother who had his life snuffed out so unexpectedly? Well, My child, this is a natural, and a most understandable disposition of the heart when one has not walked with Me in life. I tell you today, that your prayers for the conversion of souls, and for those who do not know My love were applied to him. Yes, My child, I give you this gift to encourage your heart which has become weary indeed from all that I have revealed and because of the concern it has caused you for lost brothers and sisters. See how merciful your Jesus is?"

Oh, yes, Lord. Jesus, thank You. How can I ever express my gratitude, Jesus? I am very grateful, Jesus! Thank You, sweet Savior, Redeemer of the world for taking my friend to be with you.

“My daughter, he will still need much prayer for he has much to learn and even more purification. There will be a great sorrow for what was not done, while he had time, and much pain for love of those he did not teach, due to his own lack of knowledge of God. Many, many missed opportunities, and yet this is the purification needed. This is the awareness and acceptance needed in order to begin to understand the great mercy of God. All will be well. You must continue to pray for his soul, as there is much work to do; much agonizing work. Afterwards, the greatest reward will be his, and he will dwell in My Father’s heavenly kingdom. Have masses said for him, My daughter. Tell others to do so, as well for there are few in his life who will know to do this loving act that will benefit his soul greatly.”

Yes, Jesus. Thank You, Lord.

“Are you feeling more at peace, My child?”

Yes, Jesus. I certainly am much more at peace.

“Endure these heavy crosses a while longer. Do not be concerned when your fatigue returns, My child for these burdens are not for the weak of heart, and yet you are within My heart. I have given you the prayers for refuge in My heart for this time and for the times of great trials that will be difficult to endure, though difficult, they will not be impossible, for I am with you. You may take refuge in My Sacred Heart and the Immaculate Heart of My Holy Mother Mary at any time and often throughout the day. I desire all of My children to seek refuge in My heart for that is the place of complete security, safety and love. Trust in Me, My children. Trust in My Mercy. My mercy is for all of My children, most especially for My children walking in darkness. My mercy awaits you, My poor children. Do not be afraid to approach Me even when you are in sin for this is especially the time to approach Me. I am your Jesus. I am your Savior. I am Mercy. I am Love. I will not reject even the person who is the worst sinner. I will gather you in My arms, hold you and tell you, ‘Your sins are forgiven. You are set free. Come and sin no more.’ This is what I long to tell you, but first you must turn away from sin. First, you must ask Me, your Jesus to forgive you. You will be filled with My peace and My joy. Come, let us begin. Tell Me, your Jesus everything. I will bring you into the family of God. You will no longer be without father and mother, sister and brother for I am your father, your brother, My Holy Mary is both mother and sister. My church is full of people who will love you so, come. Do not delay. You know not the day nor the hour that will bring you to stand in My presence. Then, once your life on this earth has ended, there is no more time for decision. Each day of your life is a decision for good or for evil. Choose Me. Choose life and all will be well for you.”

“My daughter, this heaviness in your heart, and the load you feel you are carrying also prepares you for the times to come when My holy priest sons will be with you. Their hearts will be very burdened. You will be able to relate to them with sincere compassion having experienced this yourself. I work to prepare you and your husband in many ways, both small and large. You do not see these many temptations to your patience, your mercy, your love as serving to prepare you but this is exactly what is occurring. Continue to work hard to resist the daily annoyances that come your way. Begin to see them for what they are. You must bring each small trial and temptation to Me and to My Holy Mother Mary. In this way, you will receive graces to love. In this way, you will be prepared for the larger trials that will come. All must be brought to Me first,

before reacting to others. Do not even allow yourselves a moment of anxiety, anger or hurt feelings, but instead bring all to your Jesus. We will examine each circumstance together. I will quiet your hearts and soothe you. In this way, you will have peace and the ability to resist all temptations for I will work in you and through you. This is a spiritual tool I provide to all of My children. Trust in Me, for I am strengthening My children and preparing you for My Father's mission of critical importance for the salvation of souls. My little one, your hand is hurting now and it is growing late. Be gentle with yourself this evening and rest. The week ahead for you is a busy one indeed. I provided the opportunity for you to attend the courses you will be observing. You are to do so with the community in mind."

Thank You, Jesus. I thought this was the case because the circumstances would not have fallen in place otherwise. Thank You, Jesus.

My child, be at peace. I am walking in your life, in each and every day, for you offer your days to Me and seek My direction. Be at ease. Do not be concerned about all of the work that will go undone while attending this course, for this course is to be your focus for this week. I will assist with everything else. The time at your work is growing short and we must make the most of these opportunities beforehand. I will provide, My child. Have no fear. It will not seem feasible to you to move, but I am asking you to trust and to step out in faith, just as you advised your brother so long ago. See what I did in his life with one small step?"

Yes, Lord. Praise You, Jesus my Lord and my God.

"Proceed with the steps agreed upon during the planning meeting yesterday. This is My will. Pray before each meeting to know and do the will of God. Ask for My Holy Spirit to guide you. Pray for this and all will go according to My plan."

Thank You, my Lord and my God.

"You are most welcome. Go now in peace. I bless you in the name of My Father, in My name and in the name of My Holy spirit. Be love. Be joy. Be peace. Be mercy."

Thank You, Jesus. I love You!!!

"And I love you."

Amen!

May 24, 2015 Adoration Chapel
Feast of Pentecost

Dearest Jesus ever present in the Blessed Sacrament of the altar, it is so good to be here with You! Thank You, Jesus for waiting for us in this peaceful chapel. I love and adore You, my Lord and my God. Thank You for sending Your Spirit at Pentecost, Lord!

Jesus, thank You for holy Mass this morning. The homily was excellent and the priest really connected salvation history with the Feast of Pentecost. It was most interesting and spiritually beneficial. I hadn't thought about the way the confusing of language at the tower of Babel is paralleled by the understanding of languages on the day of Pentecost. Thank You for this holy priest, Jesus. Bless and protect him as he is transferred and re-assigned. Bless his ministry, Lord. Please bless our new pastors (names withheld) . Please be with them all, Lord as they

are called to different places. Lord. I also thank You for (name withheld). Thank You for the gift of Reconciliation. I am so glad I was able to go to confession yesterday. Thank You, Jesus. Jesus have You anything to say to me?

“Yes, My child. There is much to say, and much work to do in these days.”

Alright, Jesus. Lord, I forgot to bring some burdens to You as You have requested we do. Please help (name withheld). Heal her, Jesus from the addiction plaguing her. Please help her to get well, and to seek the help she needs. Help her husband to cope while she is in the hospital. Lord, please heal my friend who has been in the hospital for so long. He has suffered so much. I thank You that he seems to be improving. Please console him, his wife and children, also. Lord, there are many people who are hurting and burdened like the woman who just left the chapel. Please help her and all of Your children. We all need You very much. Life can be challenging and for some it seems extremely so. We are weak and our hearts are so fragile. Fill us with the fire of Your love. Renew our troubled hearts, Jesus. Give us zeal for You and Your kingdom and especially for lost souls. Heal the broken hearted, Jesus and teach us to love the way You and Your holy Mother Mary love. Love through us, Jesus. Allow our family and friends who love and adore You, to be vehicles of Your love and mercy. Send us graces for love, Jesus. Holy Spirit, lover of souls, help me to adore, love and follow You all the days of my life. Praise be the Lord; now and forever!

“My daughter, My child, My little one, how I love you. How I love My children. If you knew how much I love you, your little heart would break under the weight of My holy love. One day, you will comprehend the fullness, the depth, and the height of My love for you. My love is complete and all encompassing. The fire of My love burns every shadow, every bit of darkness away, and yet does not consume you. You, My child have asked to be consumed by My love and by this you mean to become so closely united to Me that when People see you, they really see only Me. My little lamb, I am very pleased by this request and especially so because you sincerely long for this. I know this is difficult to write My littlest one; however you have said you want to be faithful to write the words I give you, and so you must write what it is I speak to your heart. This is a sacrifice since these words are between the two of us and yet, these words are also meant for all of My children who love and follow Me; those whom I call My friends for they follow also My Commandments. I give these to you and for you, not to keep buried and hidden, but to bring to My children, who are so hungry and thirsty for My love. My child, My child, I do so love the world. I gave My life, so precious to My Father in Heaven, and so cherished by My holy Mother Mary. Though I burned with desire to begin My ministry, leaving My Mother Mary was most difficult due to the pain I knew it would bring Her. She knew, My child, for I had prepared Her, just what My ministry would be, and how My life on earth as Her son, would end with the cross. Of course, She also knew of My resurrection, for what son could bring such misery and suffering to a Mother so pure, so full of love, and not leave Her with the hope of the Resurrection that I knew would come, for I willed it. My holy Mother Mary suffered terribly knowing the sort of death I would suffer, and yet She gave Her ‘yes’ time and time again as we talked and prayed just as She had so willingly and completely given Her ‘yes’ at the Annunciation proclaimed by My Archangel Gabriel. Reflect on this, My child. Reflect on the countless ‘yesses’ My Mother gave. One might say the name of Mary also means the gift of ‘yes’ to God. Although, that is not a translation of My Mother’s name, it is one and the same to Me, for She was and is completely united to the will of God. Her heart is completely united and was so before She even knew about My coming through Her. This is why Simeon was correct in saying a sword would pierce Her heart. How many ‘yesses’ did She give to God, you are wondering. I will tell you of a few which you already know from Scripture.”

“ My most holy and pure Mother Mary gave Her consent to celebrate My birth in a stable. She knew the meaning of My birth in poverty for She understood that I, though a King, was coming for all men; the poor and rich alike. Yes, My child for the rich, also as they are most often the poorest in spirit, while the poor (economically) are often rich in spirit, but despised by the world. I, too was despised by the world, and so I am still. In this way, and in My humble birth, I identify with the poor. My child, I give you My peace. I breathe the breath of peace into you now.”

Thank You, my Jesus. I am so easily distracted and annoyed today with the talking and disruptions. I am sorry for my lack of patience and my lack of peace. You are the source of true peace, Jesus. Thank You for restoring my peace.

“You are welcome, My child. I love you and I will that you resist the temptation to lose My peace. I encourage and remind you to ask Me to restore your peace when you are not recollected.”

Thank You, Jesus!

“Let us continue. My Mother gave Her full consent to My birth in the stable. Her prayer was for holy St. Joseph to be consoled and to understand that this birth in a stable was God’s will. She gave Her ‘yes’ even before when She visited Elizabeth and Zechariah in haste after the angel informed Her of Elizabeth being with child. She gave Her ‘yes’ to the trip to Bethlehem for the census, though the journey was most difficult and made Her very uncomfortable. She gave Her ‘yes’ to stay in Bethlehem and await the many visitors who came to pay homage to Me; the crowning moments were of course the shepherds, who visited not just once, My child but other times, also. They delighted in Me especially as I grew to a toddler. The other crowning moment was of course the visit of the magi which filled Her heart with joy and awe at the goodness of God the Father. The Magi’s gifts were needed for the flight into Egypt in which My Mother also gave Her ‘yes’ day after day. Another difficult and most uncomfortable journey, the weight of which became almost unbearable knowing I was being sought after by Herod. My Mother was full of grace or otherwise would not have been able to bear such a burden of concern; nor would My earthly Father Joseph, the holy one, the protector of My most pure Mother, and protector of the Messiah and Savior was the most just man ever born. Yes, My child I say this correctly for he being only man, was the most just man. I, who am God and man am completely, fully just, but Joseph as only human is the most just man ever born who is only human. My holy father, Joseph, study his life and love him. He is a very powerful intercessor, second only to My Most Holy Mother Mary. She is the first in the order of saints and he is second. Imitate My Holy parents, My child. I desire all parents to emulate My holy parents and for all families to emulate the Holy Family, for in imitating us, you will become closer to and more in union with the Holy Trinity.”

Thank You, my Jesus. I love You! Help me to imitate Mary and Joseph. Help us to foster the love of the Holy Family in our home and in our family, yes even in our society. Help us to begin with our family and be models of Christian love and virtue like the Holy Family. Jesus, please help me to be more like Blessed Mother. There is much in my heart in need of improvement. Help me, Jesus to die to self so that I may live only for You and Your holy, perfect will.

“My child, My Mother gave Her ‘yes’ when I was lost to My parents for 3 days. She would have died from grief, as would St. Joseph had My Father in Heaven withheld the sustenance He sent to them. Mere human hearts could not bear losing the Messiah before I had fulfilled My mission. The worry, the grief would have caused them physical death had they not been

sustained. I prayed for them while I was staying in the temple; while I waited for them, I prayed. These 3 days foreshadowed the 3 days I would spend in the tomb. My holy Mother Mary recalled the days I was lost in Jerusalem as I lay dead in body, in the tomb. Their joy and relief of finding Me, after 3 days, gave Her a glimmer of hope in the Resurrection. She understood then, so much more about the 3 days I was in My Father's house in Jerusalem and She gave Her 'yes' again, not only during My passion and crucifixion, but also to the time I was in the tomb. Upon My rising and seeing Me, she gave Her 'yes' again to the 40 days I would be present before ascending to My Father in Heaven. My child, My Mother gave Her consent, Her yes to Me every day of My life. She truly is the most perfect disciple, though She didn't always understand everything. My children, emulate the most holy, the most pure Mother Mary. Be like Her."

Thank You, Jesus for sharing this with me (and with Your children). Help us to be like the Blessed Mother and say 'yes' to Your will.

"My child, My little lamb, it is time to discuss the vision I gave you at Mass this morning."

Must we, Jesus? Perhaps, we could discuss it another time, Lord. Today is Pentecost, Jesus.

"Yes, it is, My child. And so, we will discuss what it was My Holy Spirit provided to you which is very important for you to convey to My son (name withheld). You are not to be concerned about the outcome or whether or not this information is accepted. That is not your concern, but Mine and My Mother's and We are to be trusted with all that concerns Our holy priest sons. Do you understand, My child?"

Yes, Jesus. I understand. Sometimes it would seem easier if these things simply unfolded under the inspiration of the Holy Spirit.

"My child, you are correct in what you say and this is what is occurring. My Spirit inspired this and gifted this vision to you so that you would understand and share it with My son. My child, what you mean to say is that it would be easier if I gave someone else in your community this vision and this knowledge."

Yes, sweet Jesus. You are right, of course. I am sorry. I am very selfish sometimes. Lord, I thank You that You are concerned with every aspect of our lives, and for our plans for the community which are really, Your plans and Your Mother's plans. Please forgive me, Jesus. I am acting very ungrateful and I am sorry. Please forgive me, my Lord. You just gave me everything I needed to give my 'yes' just as Your Mother Mary, and I turn right around and have this hesitation. Lord, I love You. I will do anything for You and I will be Your secretary anytime You ask and whenever You desire (without having to ask). I give You my imperfect 'yes', Jesus. Please help me to be like Your Mother who never once hesitated. In fact, when You provided Her with a way out, at the wedding feast at Cana, She did not excuse Herself, but turned to the stewards and instructed them to do whatever You said. She could have added, and would have been perfectly correct, "Do what He tells you." (just as I). In Her humility, She did not, of course.

"You are correct My child. Shall we continue with our discussion of the vision in church?"

Yes, Jesus. Please continue.

“My daughter, this image of tunnels and an escape route for My holy priest sons was given to you by My Holy Spirit. You do not fully understand this and I will explain. You are correct in saying I assured you all would be safe in My Mother’s community. I did not; however explain the details of this plan. I will provide some of these details now. My holy priest sons will initially seek Her community as a place of respite, specifically in your home. They will come and go, ministering and taking the Sacraments to My little, poor, persecuted church. They will bring the water of life to My thirsty children. They will be at risk when they go out to My children, for your government will be as hungry wolves seeking and searching for My sons to destroy them. The evil one will be very strong in the hearts of his followers, but I will be even stronger in the hearts of My followers. My holy priest sons, who are faithful to Me and also love My most pure Mother and their Mother will be endowed with graces for courage and perseverance, fortitude and peace. They will yearn to bring My Sacraments to their people, My people. Your shepherds, those who remain steadfast will be persecuted and will suffer much. Some of the shepherds of My church will sadly be scattered, and will hide for fear of being found. My lowly priest sons will be filled with zeal for the Lord. They will need the protection given by My Mother’s communities. Many will be martyred who do not seek this protection. “

“My child, you know of this from previous discussions. Still, I know this is very disturbing to you, and yet you are grateful because I provide a way for their safety. You will share this message with My beloved, faithful (name withheld). He will pray for direction rest assured, My child, that My Mother’s plan for Her community will come to fruition. There have been many obstacles, My daughter, and there will be more trials, but these serve to prepare Our children for much more difficult days to come. All is done for you in accordance with My will and lest your heart becomes tempted to discouragement, I assure you My Mother’s mantle will protect your entire community. You must follow My direction, My daughter and be brave. All of My holy families of (community name withheld) are important to My Father’s plan for the world. Yes, My child; I understand this sounds grandiose, but I assure you that one day you will all understand how true this statement is. Now, you will (the community) have an escape route for My holy, little priests in your care for there will come a time, at the height of persecutions, when a search will be initiated. All priests will be under ‘suspicion’ and will be sought for capture and torture. This has happened in other times in history, so it should not surprise you. Yes, My child it is difficult to grasp in your nation, founded for Me and for liberty, but My adversary attacks your nation with vengeance for just this reason. I share this for you to take action, My children. I do not share this information to discourage you or to have you give up your prayers and actions for peace and liberty; however the time for purification s approaching. The time for My mercy is now. The time for My justice, which is also out of My mercy, draws nigh.“

“You must know the adversary wages war on My Mother’s children and especially beginning with My priests for they bring Me to the world each time they consecrate the bread that becomes My body for the life of the world. The enemy targets the generals and all leaders in war, for to take out those who lead people, is to leave the soldiers in a state of confusion. That is true for any military battle and it is true for My church. However, I am all knowing and all powerful. The adversary will not defeat My Mother’s army, for Her soldiers are armed with the holy rosary and are covered with her mantle. That does not mean that all I am asking is that you pray. Yes, I ask and I direct you to pray. My Mother pleads with you to pray. We also need holy, obedient action. You are very familiar with this, My child and are taking a critical step in My direction by giving your ‘yes’ to the community of My Mother. When you are established there; however your work will have just begun. You will plan a place, not only a dwelling place for My priest sons in need of respite, but also a way to protect them when the searches begin. I will provide additional direction in time. I will advise My sons to consider the boardwalks being planned for a

beautiful, scenic walking trail, to likewise plan a protected route of escape that will provide security and shield My priests from view when the times of searching begin. My faithful followers have provided this in times past, and this was done in a similar manner through My direction to holy souls. Such will be the case now. Do not fear for I and My Mother will protect you. We are doing so now by telling you this. Be not afraid, for I am with you. All will be well. After the persecutions cease, I will bring about the new springtime My beloved Saint Pope John Paul II spoke about. He saw this springtime that he will later view from Heaven. I asked him to write and speak about the Era of Peace, My child to instill hope in My children. Hope in Me, and in what is to come. Before springtime, comes the winter and this is what I am and have been describing to you. The time of great trials is the winter. The winter time is often bleak indeed, but when it is, spring is all the more glorious. And so it will be My daughter. So it will be. Take heart, My Mother walks with you and She even holds your hands in Her beautiful, pure hands. Her hands, My children, held Me in My infancy, in My toddler days of learning to walk, jump and then run, and in Her hands, My dead and bruised body was placed before burial. I entrusted My very self to Her hands and I now entrust My little remnant to Her holy, pure hands. There is no safer place to be, but with My Mother. You are safe with Her and when you do as I direct and under Her guidance, all you protect, all of My holy priest sons under your care and all of My little children will be physically and spiritually protected, also. You must have faith My children! You must have trust, for My Father's plan is perfect. This plan was His from the beginning of Creation. You are all part of the story of salvation for you are My children and you are the Children of the Renewal, the children of My Mother, the Woman."

Thank You, Jesus, my Lord; my God, my All! I am filled with gratitude for Your words of life and lessons of love. Help us to do all that You ask. Help us to protect those You send to us. Help me to convey Your messages, no matter the cost, for nothing is of value without You, Jesus. I asked that You help me to die to self, Lord and though I don't know what this will mean to me, I give You my 'yes'. I am weak, flawed and am a sinner, Lord and yet through You and with You we, Your children can do what You will. Give us graces, Lord. Give us every grace needed and may we all be open and receptive to Your graces, so that we do Your will. I love You, my God and my All. Help me to love You more.

"My little lamb, you are growing in love though you do not see this. It is My will that you are unaware of this, for humility's sake. Trust Me, even or especially with your growth in love, My child. Continue to focus on Me, and on My will. My Mother guides you and My holy son, your husband. Together, with Me, you guide your family. Put every small difference aside. I will help you as you grow more and more close with each passing day and are further united within My Sacred Heart."

"I understand that the life you both are leading for Me and with My holy Mother Mary has caused several 'losses' for you. You have seen friends fall by the wayside, for they view the path you have decided to pursue (that of My will) as too difficult for them. You have noticed the process of detaching from your home, your birth place, your family and friends is painful. Your reference to this process as the 'stripping' is accurate for this is what occurred for Me when I was stripped of My garments, the final earthly possessions given to Me, made for Me by My beloved, precious Mother. The intention was to strip Me of my dignity, but I remind you, My son, My daughter that one cannot lose that which God bestows upon you. You may lose earthly and worldly blessings, but these will be replaced by divine and supernatural blessings. Wait and see, My Children of the Renewal what your God has in store for those who love Him!"

“My little one, you have lost friends, it is true. I softened the blow for you, My child. I first prepared you for this when you were just a child, for often you stood out as being different. It is like this for all children who truly love and follow Me, especially the children of this age. You were assigned a specific angel guardian to love and console you as you faced many days of loneliness. You learned at an early age to find consolation in the Eucharist and in your family. I sent uncles and aunts to love and befriend you. Your grandmothers, very strong women, were provided for guidance and to instill strong faith in your tender heart. You listened to them more intently because of the suffering you endured and you hung on every word spoken from them about Me, My Word and My Mother. These truths carried you through many trials, and others who observed you, even those who attempted to break you, were amazed at your confidence in Me. My child, this is not something I allowed for trivial reasons. I was preparing you even then. My children of the Renewal can reflect on this and begin to see My hand in their lives, also.”

“I am a loving God, full of mercy and compassion and I allow trials to purify and strengthen My children. Otherwise, you would not be prepared for My Father’s will for your lives. I am a good Father and My children are well prepared for this mission. Trust in Me, My child. All will be well. It will not be easy, but it will be well. You have lost material goods for choosing a path of holiness versus worldly success. You now willingly give up your home, family friends and the parish you have grown to know and love your entire life. My child, I will give you a new home, a community of love, and shepherds to bring the sacraments for you to protect for My entire church. You have made your home in My Mother’s heart and in My Sacred Heart and you are not alone, for I have given you new friends who love you for you, and renewed friendships you thought were gone. See how much I love and care for you?”

“My son, your husband, you have desired and longed for brothers. You mourn the relationship you could have had with your own brother and I understand. I have provided new brothers for you who are men of God, while I continue to work on reviving a relationship in your own family. I have given you cousins who love you, uncles who prayed for you and loved you, an aunt to fill in the large gap your mother was physically unable to fill. Your aunt prepared your heart at an early age so that you would be open to the love of My Mother Mary when your spouse told you about Her. Your love for My Mother was a small seed planted by God, and watered by the love of your sister, your aunt and your wife. See how I love you, My son? Your grandfather, who loved you and helped to form you, filled in for your father who was away during the war. Their home had many rooms, dwellings, My son and this prepared you for the love of God the Father and My holy St. Joseph. You are also now aware of how blessed you were to be taken in by your Godly grandparents. Yes, My son, they were Godly, for they fed the hungry, sheltered the homeless, loved you, My son, and provided for the poor. My child you will follow their example, as you have begun to do with your grandson and on a larger scale will for the children and priests I send to you. Do you see how much I love you? If you forget, gaze at a crucifix and recall how much I love you. I love you, My son. I love, My daughter.”

“I love My children of the community. You step out in the greatest of faith in spite of those who urge you to do otherwise, and you give up all that you know and love. Do you think that I, your Jesus will forsake you as you sacrifice so much for Me, and for My Mother? Of course not, My children, for you are doing My will. You have taken My Mother’s words to heart and have put them into action, weaving them into plans for your future for Her community. You are doing My will, and though you think this is for your good and that of your families (and you are correct) this is also for My plan and for the salvation of others. This is a very unselfish act of love, My children and if you were to do nothing else but move to community, that would be good; however you will not stop there. Your generosity will lead you to do more, in service of your

Jesus and in the service of your Queen. This is good, My children. This is the example you will live so that others will see and through you, because of My Mother, the path they are to take will be illuminated by your lives, by your example, by your love. I tell you this so that the coming time of great trials will be viewed in its proper perspective. I love you and I will guide you. Continue on the path I have clearly laid out for you. Follow Me. Take My Mother's hand for She will lead you to safety, to Me, and to My kingdom. She knows the way. She is the Mother of the way. Go in peace, My children."

Jesus, I forgot to ask You something. My daughter wants to know if she should return to work for the short time before her second surgery. What would You say to this, Jesus?

"My daughter (name withheld), I will prompt the hearts of your employers to allow you to work for this interim for your good. Be confident, My child when you return, for you are part of something larger, part of My Father's plan for the community. Know this, it will not be easy for little has changed. Bear this with grace, My child. Your example will touch hardened hearts, even those who persecute you, though you will not be around to see this change in them. You are there to bring My love to My poor children in need. Pray for them. Be love and mercy to them. Your days will not be long and in this way I provide for you financially, but protect you from the fullness of hostility present in that environment. See this for what it is, My child. The adversary works hard to steal souls destined for Heaven. I need people of light to contradict the darkness. I have placed other souls there to do the same, so contrary to what it will seem, you are not alone among My children of darkness. There are other souls who love Me, who will work with you to bring My light, My love, My peace and My joy to a weary world. All of this will be short lived My sweet one, for your move is soon. Take heart and confide in your angel guardian and no one else at work for the tempter is waiting in the wings to be destructive through My children. Do not provide him or others following him with his much desired ammunition. Return bitterness with the honey of joy and love and leave the outcome to Me, your Jesus. All will be well and you will leave one day with your head held high, knowing you serve the loving God and no other. Pray, dearest child of My heart. Pray and trust. I love you. I am with you."

Thank You, dear Savior. I love You. We love You!

"Go now, in My peace. Remain in My love. I bless you in My Father's name, in My name and in the name of My Holy spirit."

Thank You, Jesus, my Lord. I love You!

"And I love you."

Amen! Alleluia!
