

### **December 11, 2022, Gaudete Sunday, Adoration Chapel**

Hello my Jesus present in the Most Blessed Sacrament of the Altar. Thank You for the opportunity to visit You today. Thank You for Mass, Holy Communion and for Confession yesterday. Lord, please be with (name withheld) husband. She said he went to the emergency room yesterday but I've heard nothing more from her. I pray that all is well. Be with them both, Jesus. I pray also for (names withheld). Please bless them both for a smooth and healthy delivery. Lord, thank You for helping (name withheld) for giving him additional strength so he could attend Mass. I pray he was able to, Lord. Help him to get well. Please heal all who suffer from cancer especially (names withheld). Sanctify their suffering Lord and console their loved ones.

Thank You for this Advent Season and for our many blessings. Most especially, I am grateful for Your love and mercy. Thank You for sacrificing Yourself for love of Your children. Praise You, my Lord, my God and my All!

"Thank you, my daughter. I know you did not want to write today, but just wanted to sit with Me."

Yes, Lord. I did not want to, but please forgive me for being lazy. I love doing as You ask, but sometimes I do act like a willful child and I want to do 'my own thing.'

"I understand human nature, My child and this is why I asked you to write, but I do not force. I invite."

Yes, Jesus. I am sorry, Lord that I am still inclined to want to do what I prefer.

"My little lamb, I am a patient God and I understand when one hesitates. However, you asked Me if I had any words to say to your heart and when I asked you to write you did so. Remember the parable in Scripture that I told about the one who said 'no' initially, but went on to do as he was asked? Sometimes you are like this, but you do what I ask, even if you are not always prompt to do so."

Yes, Lord. This is because I am stubborn. Please help me grow closer to You, Lord and become more like Your Holy Mother Mary who always did the Will of God. She never hesitated to do God's Will. Help me to be like Our Lady.

"My child, I want to speak with you about truth vs. deceit. There have been many deceptions taught to My people especially in the last century, and even longer. My child, as you and others learn the truth about various things, such as history and other things taught to you in error via school curriculum, etc., do not become discouraged. Be grateful that in seeking Me, the truth, that you are learning what is right and what is true. You are beginning to discover the many ways the evil one who is the father of lies has deceived you even in matters that seem unimportant. You wonder why certain lies would be taught to you during school when you were a child. Especially, seemingly unimportant things. My child, when one is the father of lies everything that one touches becomes corrupt. Some truth is always intermingled to give an appearance of goodness and truth. It is the way contrived to get My children to accept falsehood. If you knew something was false, you would not believe it. He, the father of lies, also appeals to My children's good nature. You have good hearts. You love your families, your country, your faith, etc. These things are good gifts from God. The evil one appeals to these, even with his deception. In this way deception about one's country, especially when it sounds good and patriotic becomes easy to accept."

"My child, now the tactic is to get children to detest their countries. Now, lies are told convincing them that everything about the history of their land is false. This is being done to create hatred for one's birthland and to accept the agenda of globalism. This is not of Me, My Children of Light. Do not despise your birthland. Pray for your country and its leaders. Pray for conversion of all people. Most nations (not all but many) were founded upon good intentions. Some countries or regimes, such as France, Spain, and at one time England were known to be Catholic countries. Even they had flaws when they were close to My heart because humans sin. But, My child this did not mean they were generally bad.

My child, as you learn new information, bring this to Me. I will shine light on the information and together we will sort through each one. I will bring clarity to confusion; order to chaos. I am truth. I am unity and peace. Do not be discouraged. Remember, you have an unshakeable foundation in My Church. Hold fast to the true teachings of the Church and you will not go wrong. I am with My Church and will be to the end of time.”

Thank You, Lord. I know this, but it is always reassuring to hear.

“Yes, My child. Read holy Scriptures for more assurances. Be at peace.”

Yes, my Lord and my Savior.

“My child, I will not keep you any longer today. I want to remind you to pray as I have asked and to be watchful this Advent. Prepare your hearts for My coming. Also, be aware that I come to My people at every Mass during the Consecration. I long to be with you in every Holy Communion. Begin to long for Me, My children. That is all. Go in My peace, in My love and be merciful to all you meet. Be merciful and loving first and foremost with your family members who I give you in this pilgrimage. They are your first responsibility. Love them and then your family love will spread to others as you live like the Holy Family. Live the Gospel, My children. I bless you and My son in the name of My Father, in My name and in the name of My Holy Spirit, the Spirit of the Living God. Go forth in peace. I love you.”

And I love You!
